HOW TO APPLY:

Submit a standard state application (Std. 678 which can be found here:

<https://jobs.ca.gov/pdf/std678.pdfh>), resume, proof of registration as a graduate student in a college or university of recognized standing, and three references (name, relationship and telephone number). In addition, applicants must include a one-page statement of interest outlining why applicant is interested in an internship position with the Department of Finance (Finance).

POSITION DESCRIPTION:

Finance is offering a paid 12-16 week summer internship opportunity for graduate-level students. Participating interns work under the direct supervision of an experienced fiscal, policy, or research analyst and gain on-the-job training that integrates education, career development, and public service. Finance employees advise the Governor's Office on policy and budget issues in areas such as health care, education, environmental regulation, and public safety.

During the summer, interns will independently gather, evaluate and analyze information on an assigned project. Interns perform analysis on policy or statewide issues and apply analytical techniques learned in their graduate programs to a practical issue facing Finance or the State of California. Interns will observe professional staff in action; attend staff meetings, lectures, or other unit activities; and may attend hearings and other proceedings. At the completion of the assignment, interns will complete a deliverable which can include a formal presentation, issue paper, and/or internal memo describing the analysis, including findings and recommendations. Deliverables may be incorporated into a larger work product that Finance may produce.

Interns will have opportunities to interact and network with fellow interns throughout the duration of the internship. This interaction will provide positive learning benefits and opportunities for information sharing.

Interns are not guaranteed a job at the end of the internship; however, interns should explore the possibility of earning academic credit through their schools.
