LEGISLATIVE COUNSEL'S DIGEST

Bill No. as introduced, _____
General Subject: Corrections facilities.

Existing law authorizes the Department of Corrections and Rehabilitation to design and construct new, or renovate existing, buildings and any necessary ancillary improvements at facilities under the jurisdiction of the department to provide medical, dental, and mental health treatment or housing. Existing law limits financing pursuant to this authorization to specified facilities and projects, including all projects established by the board in the Health Care Facility Improvement Program. Existing law prohibits costs for design and construction, including, without limitation, renovation and construction-related costs for all projects approved for financing by the State Public Works Board from exceeding $1,089,579,000. Existing law continuously appropriates the funds derived from interim financing, revenue bonds, negotiable notes, or negotiable bond anticipation notes issued pursuant to these provisions to the board on behalf of the department for these purposes.

This bill would increase that maximum amount of costs authorized for those purposes to $1,139,429,000. The bill would make the additional $49,850,000 available for allocation to any project established by the board in the Health Care Facility Improvement Program, but would be subject to existing restrictions on the allocations of the additional amount by requiring that each allocation be approved by the board and that not less than 20 days prior to the board's approval, the Department of Finance report specified information regarding the project to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the respective fiscal committee of each house of the Legislature. By increasing the amount of funds that are continuously appropriated to the board on behalf of the department for these purposes, the bill would make an appropriation.

Board of State and Community Corrections  

California Violence Intervention and Prevention Program—It is requested that Item 5227-108-0001 be increased by $18 million (one-year) to support additional grants to eligible cities and community based organizations (see Attachment 1).  

Post Release Community Supervision Population—It is requested that Item 5227-106-0001 be increased by $2,983,000 to adjust the amount provided to county probation departments to supervise offenders on Post Release Community Supervision. The adjustment reflects a revised estimate of the temporary increase in the number of offenders expected to be released to Post Release Community Supervision as a result of the Public Safety and Rehabilitation Act of 2016 (Proposition 57).  

The effect of my requested action is reflected on the attachment.
