Dear Ms. Tapia:

Subject: Other Funds and Accounts Due Diligence Review

Pursuant to Health and Safety Code (HSC) section 34179.6 (c), the City of Palm Desert Successor Agency (Agency) submitted an oversight board approved Other Funds and Accounts (OFA) Due Diligence Review (DDR) to the California Department of Finance (Finance) on January 14, 2013. The purpose of the review was to determine the amount of cash and cash equivalents available for distribution to the affected taxing entities. Pursuant to HSC section 34179.6 (d), Finance has completed its review of your DDR, which may have included obtaining clarification for various items.

HSC section 34179.6 (d) authorizes Finance to adjust the DDR's stated balance of OFA available for distribution to the taxing entities. Based on our review of your DDR, the following adjustments were made:

- Balances retained for fiscal year 2012-13 obligations in the amount of \$24,485,247 (3,779,838+17,217,786+3,487,623). The Agency is requesting to retain \$24,491,809 for Recognized Obligation Payment Schedule for the period July through December 2012 (ROPS II); however, the Agency received \$20,711,971 in RPTTF from the Riverside County Auditor Controller for this period and can request additional RPTTF in the future. Therefore, the difference of \$3,779,838 is not allowed to be retained. Additionally, the Agency requested to retain \$17,217,786 for bond debt payments for the ROPSII period. However, this amount was included in legally restricted assets. Therefore, the balance is adjusted by \$17,217,786.

For January through June 2013 ROPS, the Agency is requesting to retain \$3,487,623 for obligations that were previously denied by Finance on December 18, 2012. Therefore, the balance is adjusted by \$3,487,623.

- Balances retained for funding of an enforceable obligation in the amount of \$15,032,326. The Agency's request to retain the amount in current unencumbered OFA balances to cover future obligations is not allowed. Since Finance has only approved funding through the January through June 2013 Recognized Obligation Payment Schedule (ROPS III) period, the Agency's fund balances are only encumbered to the extent they have been approved on a ROPS through the June 30, 2013 period. The cash flow

analysis provided by the Agency does not demonstrate an immediate need to retain these unencumbered OFA balances, nor does it suggest available funding will be insufficient to service the Agency's bond debt.

Should a deficit occur in the future, HSC provides successor agencies with various methods to address short term cash flow issues. These may include requesting a loan from the city pursuant to HSC section 34173 (h), requesting the accumulation of reserves on the ROPS when a future balloon or uneven payment is expected, or subordinating pass-through payments pursuant to HSC section 34183 (b). The Agency should seek counsel from their oversight board to determine the solution most appropriate for their situation if a deficiency were to occur.

Since the Agency has not demonstrated an immediate need to retain unencumbered OFA balances and possesses alternatives to address short term cash flow shortages, Finance deems it is not necessary for Agency to retain \$15,032,326 in OFA unencumbered balances.

If you disagree with Finance's adjusted amount of OFA balances available for distribution to the taxing entities, you may request a Meet and Confer within five business days of the date of this letter. The Meet and Confer process and guidelines are available at Finance's website below:

http://www.dof.ca.gov/redevelopment/meet_and_confer/

The Agency's OFA balance available for distribution to the affected taxing entities is \$47,537,732 (see table below).

| OFA Balances Available For Distribution To Taxing Entities | |
|---|----------------------|
| Available Balance per DDR: | \$ 8,020,159 |
| Finance Adjustments | |
| Unallowed balances retained for future obligations | \$ 15,032,326 |
| Unallowed balances retained to satisfy ROPS obligations | 24,485,247 |
| Total OFA available to be distributed: | \$ 47,537,732 |

Absent a Meet and Confer request, HSC section 34179.6 (f) requires successor agencies to transmit to the county auditor-controller the amount of funds identified in the above table within five working days, plus any interest those sums accumulated while in the possession of the recipient. Upon submission of payment, please provide proof of payment to Finance within five business days.

If funds identified for transmission are in the possession of the successor agency, and if the successor agency is operated by the city or county that created the former redevelopment agency, then failure to transmit the identified funds may result in offsets to the city's or the county's sales and use tax allocation, as well as its property tax allocation. If funds identified for transmission are in the possession of another taxing entity, the successor agency is required to take diligent efforts to recover such funds. A failure to recover and remit those funds may result in offsets to the other taxing entity's sales and use tax allocation or to its property tax allocation. If funds identified for transmission are in the possession of a private entity, HSC 34179.6 (h) (1) (B) states that any remittance related to unallowable transfers to a private party may also be subject to a 10 percent penalty if not remitted within 60 days.

Failure to transmit the identified funds will also prevent the Agency from being able to receive a finding of completion from Finance. Without a finding of completion, the Agency will be unable to take advantage of the provisions detailed in HSC section 34191.4. Specifically, these provisions allow certain loan agreements between the former redevelopment agency (RDA) and the city, county, or city and county that created the RDA to be considered enforceable obligations. These provisions also allow certain bond proceeds to be used for the purposes in which they were sold and allows for the transfer of real property and interests into the Community Redevelopment Property Trust Fund once Finance approves the Agency's long-range property management plan.

In addition to the consequences above, willful failure to return assets that were deemed an unallowable transfer or failure to remit the funds identified above could expose certain individuals to criminal penalties under existing law.

Pursuant to HSC section 34167.5 and 34178.8, the California State Controller's Office (Controller) has the authority to claw back assets that were inappropriately transferred to the city, county, or any other public agency. Determinations outlined in this letter do not in any way eliminate the Controller's authority.

Sincerely,

STEVE SZALAY
