Long Range Property Management Plan

Successor Agency to the Winters Community
Development Agency

Long Range Property Management Plan

City of Winters as Successor Agency to the Dissolved Winters Community Development Agency

Introduction

On June 1, 2012 Assembly Bill 1484 (AB1484) was signed into law that required the Successor Agency to the Dissolved Winters Community Development Agency (CDA) to prepare a Long Range Property Management Plan (PMP) that addresses the disposition and use of the dissolved Winters Community Development Agency (CDA) real property. The PMP must be submitted to the governing board of the Successor Agency (the City of Winters City Council also serves as the governing board of the Successor Agency) and the Oversight Board for approval before being submitted to the Department of Finance (DOF). This document is the Long Range Property Management Plan (PMP) of the Successor Agency to the dissolved Winters Community Development Agency.

Upon approval by the Successor Agency, the Oversight Board and the DOF, the properties will be transferred to the Property Trust Fund until all the approvals for further disposition and use have been obtained. After all required approvals have been obtained, the properties to be retained for governmental use will be transferred to the City of Winters. Properties to be retained for future disposition and implementation of a redevelopment plan will remain in the Property Trust Fund until all applicable procedures have been followed and all approvals have been obtained, at which time they will be transferred to the City for disposition or use pursuant to this PMP, the Redevelopment Plan and the Winters Community Development Project Implementation Plan. The Successor Agency must receive prior approval by the Oversight Board for each property transfer or disposition, and the City must reach a compensation agreement with the affected taxing agencies pursuant to applicable law with respect to those properties to be retained by the City for future disposition and implementation of a redevelopment plan. Oversight Board approval is subject to review by DOF.

The PMP addresses the disposition and use of the real properties of the dissolved CDA and must do all of the following:

Include an inventory of all properties in the Property Trust Fund and this inventory will include all of the following information:

- The date of the acquisition of the property and the value of the property at that time.
- The purpose for which the property was acquired.
- Parcel data, including address, lot size and current zoning in the former CDA redevelopment plan or specific, community or general plan.
- An estimate of the current value of the parcel including, if available, any appraisal information.

- An estimate of any lease, rental or any other revenues generated by the property, and a description of the contractual requirements for the disposition of those funds.
- The history of environmental contamination, including designation as a Brownfield site, any related environmental studies and history of any remediation efforts.
- A description of the property's potential for transit-oriented development and the advancement of the planning objectives of the Successor Agency.
- A brief history of previous development proposals and activity, including the rental or lease of the property.
- Address the use or disposition of all the properties in the Property Trust Fund. Permissible uses include retention of the property for governmental uses, the retention of the property for future development, the sale of the property, or the use of the property to fulfill an enforceable obligation. The PMP shall separately identify and list all properties in the Property Trust Fund dedicated to governmental uses purposes and properties retained for purposes of fulfilling an enforceable obligation. With respect to the use or disposition of all other properties the following shall apply:
 - a. If the plan directs the use or liquidation of the property for a project identified in an approved redevelopment plan, the property shall transfer to the City. The City will comply with all applicable procedures and obtain all necessary approvals prior to any such transfer.
 - b. if the plan directs the liquidation of the property or the use of revenues generated from the property, such as lease or parking revenues, for any purpose other than to fulfill and enforceable obligation or other than specified immediately above, the proceeds from the sale shall be distributed as property tax to the taxing entities.
