## Purpose
A depository for money collected by the Department of Insurance. Originally all the money either was refunded or transferred to the General Fund. Chapter 722, Statutes of 1982 changes the code to allow money in the Insurance Fund to be used for the support of the Department of Insurance. However, fines and penalties collected by the Department are to be deposited in the General Fund.

To segregate the money collected by the Department, two funds were established. Both funds are named the Insurance Fund. Fund No. 095 is the depository for money that eventually will be transferred to the General Fund. Fund No. 217 is the depository for money that may be used for the support of the Department of Insurance.
