Chapter 108, Statutes of 1990 added Section 2701.05 to the Streets and Highways Code and created the Passenger Rail Bond Fund of 1990 which was approved by the voters in the form of Proposition 108 in June 1990. This bill enacted the Passenger Rail and Clean Air Bond Act of 1990 which authorizes the issuance of bonds in the amount of $1 billion for the purposes of financing acquisition of rights-of-way, capital expenditures, and acquisitions of rolling stock for intercity rail, commuter rail, and urban rail transit programs.  

This fund was originally GAAP classified as Fiduciary/Trust & Agency - Others and was reclassified to
Governmental/Capital Projects Funds after reviewing a request for reclassification which was received from the Department of Transportation. Current GAAP fund classification matches SCO’s GAAP classification. No change in the Legal Basis classification is necessary.
