## Legal Title
Los Angeles County Medical Assistance Grant Account, County Health Services Fund

## Legal Citation/Authority
Chapter 1594, Statutes of 1982

## Purpose
An authorized transfer of $200 million that would otherwise have been paid to Los Angeles County from the County Health Services Fund to the Medi-Cal program to pay bills in process ("pipeline" claims). Chapter 1594 also authorized that $200 million be appropriated from the General Fund to a special reserve for Los Angeles County and that these funds be transferred to Los Angeles in June, 1985. Additionally, Chapter 1594 requires that the minimum allocation of County Health Services Funds, under the Department of Health Services' County Health Services Program, available to Los Angeles County must be paid during June of the 1984-85 fiscal year. The Los Angeles County Medical Assistance Grant Account was created within the County Health Services Fund to segregate the transaction authorized under Chapter 1594/82 from other activities in the fund.
