Federal Funds Adjustments

Item 6100-001-0890, Support, Special Education Dispute Resolution Services (Issue 046)—It is requested that this item be increased by $1,890,000 federal Individuals with Disabilities Education Act (IDEA) funds to support increased costs associated with special education dispute resolution services. Dispute resolution services, including mediation and due process hearings, are required by state and federal law. The State Department of Education (SDE) contracts with the Office of Administrative Hearings to provide these services. The number and cost per case have increased over the past few years, but the amount of funding provided SDE has remained constant. The SDE is able to absorb approximately $1.7 million with existing federal funds, but $1,890,000 in additional funding is required to cover the higher contract costs.

It is further requested that provisional language in Item 6100-001-0890 be amended as follows to reflect the cost of the contract and to conform to this action:

"5. Of the funds appropriated in this item, $9,206,000 $12,751,000 is for dispute resolution services, including mediation and fair hearing services, provided through contract for the special education programs. The State Department of Education shall ensure the quarterly reports that the contractor submits on the results of its dispute resolution services include the same information as required by Provision 9 of Item 6110-001-0890 of the Budget Act of 2006 (Chs. 47 and 48, Stats. 2006) and Section 56504.5 of the Education Code and reflect year-to-date data and final yearend data."

It is also requested that provisional language be amended as follows to expand the use of the federal IDEA funds to include support and technical assistance to special education local plan areas and local education agencies in order to meet the new requirements of the federal State Performance Plan.

"18. Of the funds appropriated in this item, $800,000 of the federal Individuals with Disabilities Education Act (20 U.S.C. Project AWARE is a five-year grant program that provides funding for the SDE and LEAs to increase awareness of mental health issues among school-aged youth, provide Mental Health First Aid training to teachers and other school personnel, and ensure students with signs of mental illness are referred to appropriate services.

It is further requested that provisional language be added to Item 6100-001-0890 as follows to conform to this action:

Item 6110-161-0890, Local Assistance, Special Education (Issues 047, 050, 054, 064, and 065)—It is requested that Schedule (1) of this item be decreased by $1,962,000 federal IDEA funds to reflect a $2,364,000 increase to the available federal IDEA grant award, a $4,326,000 decrease primarily due to a redirection of $1.9 million to state operations for dispute resolution (see Issue 046), and a redirection of $2,150,000 to state-level activities in Schedule (2) to support the following activities: (1) $500,000 to develop resources and provide technical assistance to local education agencies for implementation of the federally required State Systemic Improvement Plan for students with disabilities, and (2) $1,650,000 to expand the existing Alternative Dispute Resolution grant program to all Special Education Local Plan Areas (SELPAs).

Item 6100-194-0890, Local Assistance, Federal Child Care and Development Block Grant Determination and Funding Priorities (Issue 806)—It is requested that the following provisional language be added to this item to clarify the state’s funding intent should federal Child Care and Development Block Grant funding received in 2015-16 differ from the amount identified in the enacted 2015-16 Budget. At this time the specific amount of federal Child Care and Development Block Grant that will be awarded to California for federal fiscal year 2016 is unknown; because of the recent changes to the federal block grant statutes, it is possible that California’s grant award amount could differ from the amount that is ultimately
included within the enacted 2015-16 Budget. If the federal grant amount is higher than anticipated, this language directs the SDE to request that funds be allocated first to fulfill any federally required quality activities, and secondly to increase access in child care voucher programs. Further, this language indicates the intent of the state to protect program access and reimbursement rates to the extent possible if the grant amount is lower than anticipated. The purpose of this language is to provide increased certainty to those programs that utilize these funds.

X. (a) Notwithstanding any other provision of law, by March 1, 2016, the State Department of Education shall report to the Department of Finance the following:

(1) The amount of federal Child Care and Development Block Grant funding California was awarded in state fiscal year 2015-16, if available, or an estimate of the expected award amount.

(2) Pursuant to 42 U.S.C. § 9858e, the amount of federal Child Care and Development Block Grant funding required to be used for child care quality activities in state fiscal year 2015-16.

(3) The amount of federal funding California was awarded in state fiscal year 2015-16 for targeted child care quality, including for school-age and resource and referral, infants and toddlers, and quality expansion.

(b) If the sum of the amounts calculated in paragraphs (1) and (3) of subdivision (a) is greater than the amount appropriated this item, less $10,000,000 in Temporary Assistance for Needy Families (TANF) funds identified in Provision (2), and less one-time Child Care and Development Block Grant carryover funds identified in Provision (5), the Department of Education shall submit a request pursuant to Section 28.00 to appropriate the additional unanticipated federal funds in the 2015-16 fiscal year. The request shall reflect the following priorities for allocation of these funds:

(1) First, to fulfill any additional funding needed for child care quality activities, as required pursuant to 42 U.S.C. § 9858e of the federal Child Care and Development Block Grant.

(2) Second, to augment the availability of services to children in voucher-based child care programs.

(c) If the sum of the amounts calculated in paragraphs (1) and (3) of subdivision (a) is less than the amount appropriated this item, less $10,000,000 in Temporary Assistance for Needy Families (TANF) funds identified in Provision (2), and less one-time Child Care and Development Block Grant carryover funds identified in Provision (5), within available federal and state child care resources appropriated in this item it is the intent of the state to maintain as much access to child care for families and existing rate levels for providers as possible.

Item 6100-194-0890, Local Assistance, Infant and Toddler Quality Rating and Improvement System Grant (Issue 807)—It is requested that the following provisional language be added to this item to identify that, beginning October 1, 2016, it is the intent of the state to use targeted infant and toddler quality funds subject to the requirements of the federal Child Care and Development Block Grant Act to create an Infant and Toddler Quality Rating and Improvement System Block Grant. This block grant will provide additional resources to high-quality providers of state-subsidized infant and toddler child care similar to the resources provided under the State Preschool Quality Rating and Improvement System Block Grant. This language provides advance notice of this program to providers should they be interested in increasing the quality of their programs in order to participate.

X. Beginning October 1, 2016, it is the intent of the state to allocate federal Child Care and Development Block Grant funds pursuant to subparagraph (B) of paragraph (2) of subdivision (a) of Section 9858e of Title 42 of the United States Code. It is further the intent of the state that this amount will be made available for Quality Rating and Improvement System grants provided
to General Child Care, Migrant Day Care, Alternative Payment, and CalWORKs child care programs serving infants and toddlers pursuant to Section 8203.1 of the Education Code.

**Item 6100-194-0890, Local Assistance, Federal Child Care and Development Fund One-Time Quality Carryover (Issue 808)**—It is requested that Schedule (6) of this item be increased by $3,192,000 Federal Trust Fund to reflect an increase in available one-time federal child care quality funds from prior years. It is also requested that priority for allocation of this funding be for one-time costs associated with the reauthorization of the federal Child Care and Development Block Grant and to support training and retention activities for child care and early learning teachers and staff.

It is further requested that provisional language be added as follows to conform to this action:

X. (a) Of the funds appropriated in Schedule (6) of this item, $3,192,000 is available on a one-time basis for quality activities from federal Child Care and Development Block Grant funds appropriated prior to the 2015-16 federal fiscal year. It is also requested that Schedule (6) of Item 6100-194-0001 be decreased by a like amount to reflect this change. The increased federal funds will offset an identical amount of non-Proposition 98 General Fund in the CalWORKs Stage 3 child care program. The Governor's Budget identified $12,923,000 one-time Federal Trust Fund carryover available in 2015-16 and this adjustment will increase the total available carryover funds to $18,469,000.

It is further requested that Provision 5 of Item 6100-194-0890 be amended as follows to conform to this action:

The Child Nutrition Program is a federally assisted meal program that provides reimbursement to schools that serve nutritionally balanced low-cost or free meals.

It is further requested that Schedule (2) of this item be increased by $4 million Federal Trust Fund to reflect projected growth in the Summer Food Service Program (SFSP). The SFSP was developed to provide nutritious meals in lower-income areas during the summer months to children who would normally be eligible for free and reduced-price meals during the regular school year.

8100-201-0890, Local Assistance, Federal Child Nutrition Program Equipment Assistance Grants (Issue 365)—It is requested that this item be increased by $3,096,000 Federal Trust Fund to reflect the availability of one-time funds to provide grants for food service equipment. The SACS system is a uniform chart of accounts used to record financial data and to organize school financial information to the specifications of the federal government. However, the current SACS system technology is outdated, lacks adequate support, is incompatible with modern systems, and does not meet the current security standards.

It is also requested that $2,380,000 Proposition 98 General Fund in Item 6100-113-0001, Budget Act of 2014 be reappropriated in 2015-16 to support the development of the English Language Proficiency Assessments for California.

Trailer Bill Language Changes

Item 6100-608-0001, Local Assistance, “Tools for Tolerance” Professional Development and Leadership Training (Issue 487)—The Administration proposes trailer bill legislation to appropriate $2 million Proposition 98 General Fund for the Los Angeles County Office of Education to contract with the Simon Wiesenthal Center to support anti-bias education, inclusion and equity through professional development, and leadership training for educators in California.

Item 6100-630-0001, Local Assistance, Career Technical Education (CTE) Incentive Grant Program (Issue 252)—The Administration proposes trailer bill legislation to appropriate $150 million Proposition 98 General Fund for the CTE Incentive Grant Program. The Governor's Budget proposed $250 million in one-time Proposition 98 funding in each of the next three years for this program. The May Revision proposes an additional $150 million in 2015-16 for the first year of this transition program, an additional $50 million in 2016-17, and a reduction of $50 million in 2017-18. The May Revision also proposes a series of other changes to the Administration's January proposal, including:

- Increasing the minimum local-to-state funding match requirement to 1.5:1 in 2016-17 and 2:1 in 2017-18.
- Eliminating Career Pathways Trust from the list of allowable sources of local matching funds.
- Directing the SDE and the State Board of Education to prioritize applicants administering programs that are located in rural districts or regions with high student dropout rates.

Item 6100-654-0001, Local Assistance, Evaluation Rubrics (Issue 635)—The Administration proposes trailer bill legislation to appropriate $350,000 Proposition 98 General Fund to further support the State Board of Education's development of the evaluation rubrics.

Item 6100-652-0001, Local Assistance, Develop State-level Resources to Assist LEAs with Aligning Support Systems (Issue 057)—The Administration proposes trailer bill legislation to appropriate $10 million one-time Proposition 98 General Fund to establish state-level resources that encourage and assist LEAs interested in aligning systems of learning and behavioral supports. School-wide tiered systems of support provide scientifically-based practices and interventions that are proportional to a student's needs. Research indicates that implementing tiered systems of behavioral and learning supports have been successful at improving student outcomes and school climate. These funds will be used to develop and disseminate resources on evidence based practices, provide technical assistance in establishing tiered data-driven systems of support, and provide incentive grants to LEAs that require additional support.

Item 6100-680-0001, Local Assistance, Quality Education Investment Act (QEIA) Transition Assistance Funding (Issue 060)—The Administration proposes trailer bill legislation to appropriate $4,583,000 one-time Proposition 98 General Fund to provide
assistance to Tier 1 and Tier 2 school districts that received QEIA funding in 2013-14, but do not meet the threshold for concentration grants under the LCFF. These districts require additional funding to transition from the resource requirements and funding provided by QEIA to the new levels provided in the LCFF.

**Item 6100-795-0001, Local Assistance, Outstanding Mandate Claims**  
(Issue 373)—The Administration proposes trailer bill legislation to appropriate an additional $2,530,566,000 for outstanding K-12 mandate claims. Specifically, $98,315,000 is applicable to 2013-14 and $2,414,765,000 is applicable to 2014-15. An additional $17,486,000 in settle-up funding is applicable to 2015-16. The funding will be allocated on an average daily attendance basis and will first satisfy any outstanding mandate claims for reimbursement of state-mandate local program costs. The Administration intends that school districts utilize these one-time monies for implementation of the new state standards for English Language Arts and Mathematics, professional development, and other priority expenditures.

**Proposition 98 Settle-up Payment**—The Governor's budget proposed amending Education Code section 41207.3 and adding section 41207.41 to specify the amount of settle-up payments to be provided. The administration proposes amended trailer bill language at the May Revision to specify changes to these payments.

**Special Education Maintenance of Effort**—The Administration proposes trailer bill language to specify that $35,721,493 provided in the 2012 Budget Act will count toward fully funding the federal Special Education maintenance of effort requirements in 2010-11 and 2011-12, $16,548,538 and $19,172,955 respectively.

The effect of my requested action is reflected on the attachment.

Amendment to Various Budget Bill Items, Support and Local Assistance,
California State Library

Funding for Literacy Program (Issue 005)—It is requested that Item 6120-213-0001 be increased by $2 million General Fund ongoing for the Literacy and English Acquisition Services Program (Program). The Program allocates funds to public libraries to support instruction in basic literacy for adults. This request complements the proposed Adult Education Block Grant program, which would allocate funds to consortia of school districts and community college districts in regions across the state to implement regional plans for adult education, including instruction in basic literacy. The public libraries would be expected to participate in the development of regional plans for adult education.

Funding for Broadband Project Support (Issue 006)—It is requested that Item 6120-011-0001 be increased by $225,000 General Fund ongoing for a contract with an entity to provide administrative and fiscal services related to the California Public Library Broadband Project (Project). The California State Library (Library) has entered into an agreement with the Califa Library Group for these services.

Funding for Broadband Equipment Grants (Issue 007)—It is requested that Item 6120-215-0001 be increased by $1.5 million General Fund on a one-time basis for grants to public libraries that require additional equipment, network upgrades, or modifications to physical sites, or some combination of these items, to support broadband Internet access. These funds would increase the number of public libraries that can participate in the Project.

Funding for Preservation Activities (Issue 008)—It is requested that Item 6120-011-0001 be increased by $521,000 General Fund, including $181,000 ongoing for 2 new positions and $340,000 on a one-time basis for digital scanning equipment. This request would allow the Library to make critical improvements to better preserve historical materials in its possession.

The effect of my requested action is reflected on the attachment.

Amendment to Budget Bill Items 6360-001-0407 and 6360-001-0408, Support, Commission on Teacher Credentialing

Correct the Scheduling of Administration and Distributed Administration (Issue 003)—It is requested that Schedule (1) of Item 6360-001-0407 be decreased by $465,000, Schedule (3) be increased by $179,000, and Schedule (4) be increased by $286,000 to reflect a correction to the scheduling of administration and distributed administration. Additionally, it is requested that Schedule (1) of Item 6360-001-0408 be decreased by $124,000, Schedule (2) be increased by $48,000, and Schedule (3) be increased by $76,000 to reflect a correction to the scheduling of administration and distributed administration. This redistribution does not change the total appropriation.

Increase to Core Mission Activities (Issue 004)—It is requested that Item 6360-001-0407 be increased by $4.5 million Teacher Credentials Fund to support core mission activities of the Commission on Teacher Credentialing (Commission). Over the past five years, the number of candidates enrolled in and completing educator preparation programs and applying for credentials has declined resulting in a decrease in the Commission’s revenue base. At the same time, the Commission’s non-discretionary operating costs have continued to increase. Therefore, the May Revision proposes to increase the teacher credential fee to $100 for initial and renewal credentials to provide the Commission with additional revenue needed to support ongoing licensing and discipline workload, including a backlog of cases at the Office of the Attorney General. Even with the proposed increase, teacher credential fees would remain lower than the renewal fees charged to professionals in a number of other occupational fields.

Trailer Bill Language (See Attachment A)

Increase the Teacher Credential Fee—it is requested that trailer bill language be adopted to increase the teacher credential fee to $100 for initial and renewal credentials to provide the Commission with additional revenue necessary to support mission critical activities. The Commission is a special fee agency with teacher credential fees providing approximately 85 percent of the Commission’s revenue. Over the past five years, the quantity of initial and renewal credentials has declined nearly 20 percent resulting in a decrease in the Commission’s revenue base. Moreover, despite a reduction in staff, a temporary suspension of accreditation activities in fiscal year 2013-14, and streamlining of credential processing and disciplinary reviews, the Commission’s non-discretionary operation costs and core mission costs have continued to increase.
Educator Misconduct—The Administration requests two pieces of trailer bill to improve educator misconduct reports:

1. The Administration also seeks to streamline functions and create workload efficiencies at the Commission. The Administration proposes to begin these efforts with a focus on the Commission's responsibilities related to educator misconduct. It is requested that trailer bill language be adopted to identify minimal information that is to be included in current district reports of educator misconduct to the Commission. Although this information is currently required in regulations, the Administration proposes to elevate these requirements to statutes in an effort to emphasize the basic information needed in a district report of educator misconduct, thereby improving the quality and depth of information included in these reports to the Commission.

2. It is requested that trailer bill language be adopted to provide the Commission jurisdiction to investigate a superintendent's or charter school administrator's failure to provide required information in reports of educator misconduct to the Commission. Specifically, this language would authorize the Commission to initiate a formal investigation for unprofessional conduct and report the incident to law enforcement. While current law specifies that a refusal or unwillingness to report educator misconduct is unprofessional conduct for a credential holder and in all instances a misdemeanor subject to a fine of $500 to $1,000, the Commission has no authority to pursue superintendents or administrators who refuse to include statutorily-required information for a report of educator misconduct.

The effect of my requested action is reflected on the attachment.

44030.5. (a) The superintendent of a school district or county office of education, or the administrator of a charter school, employing a person with a credential shall report any change in the employment status of the credentialholder to the commission not later than 30 days after the change in employment status, if the credentialholder, while working in a position requiring a credential, and as a result of an allegation of misconduct or while an allegation of misconduct is pending, is dismissed, is nonrelected, resigns, is suspended or placed on unpaid administrative leave for more than 10 days as a final adverse action, retires, or is otherwise terminated by a decision not to employ or reemploy.

(b) Notwithstanding any other provision of law, the report made pursuant to subdivision (a) shall include all known information regarding each alleged act of misconduct including, but not limited to, contact information for the credentialholder and other persons who may have information relating to the alleged misconduct. If a minor is known to have information regarding the alleged misconduct, then the report shall include the minor’s directory information as defined by the Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99.3.) The report shall contain all other specified information as adopted in regulations by the commission.

(c) For purposes of subdivision (a), a change of employment status due solely to unsatisfactory performance pursuant to paragraph (4) of subdivision (a) of Section 44932 or a reduction in force pursuant to Sections 44955 to 44958, inclusive, is not a result of an allegation of misconduct.

(d) The failure to make the report required by subdivisions (a) and (b) is unprofessional conduct and may subject the superintendent of the school district or county office of education, or the administrator of a charter school, to adverse action by the commission.

(1) Notwithstanding Section 44030, refusing or willfully neglecting to make the report required by subdivision (a) is a misdemeanor, punishable by a fine of not less than five hundred dollars ($500) or more than one thousand dollars ($1,000).

(2) The Commission on Teacher Credentialing shall report to local law enforcement for purposes of paragraph (1) of this subdivision, any superintendent of a school or county office of education, or the administrator of a charter school that refuses or willfully neglects to make the report required by subdivision (a), even if he or she is not a credentialholder.

(3) All fines imposed pursuant to this subdivision are the personal responsibility of the superintendent of the school district or county office of education, or the administrator of a charter school, and may not be paid or reimbursed with public funds.

Increase the Teacher Credential Fee

Section 44235 of the Education Code is amended to read:

44235. (a) Fees shall be levied by the commission for the issuance and renewal of teaching and service credentials. Commencing January 1, 1987, the fee for the issuance and renewal of
teaching and service credentials shall be fifty dollars ($50). In subsequent years, the commission may set a different fee, but in no case shall a fee exceed **seventy-dollars ($70)** one hundred dollars ($100) without express legislative approval.

(b) A single fee, not to exceed the charge for a single supplemental credential, shall be charged for all supplemental credentials applied for at the same time as a teaching or service credential pursuant to subdivision (a).

(c) Subject to funds being appropriated expressly for this purpose in the annual Budget Act, fees authorized by this section shall be waived by the commission for first-time teaching credential applicants for the following credentials:

1. Single subject credential.
2. Multiple subject credential.
3. Special education credential.
4. Specialist instruction credential.

(d) Annually, as part of the budget review process, the Department of Finance shall recommend to the Legislature an appropriate credential fee sufficient to generate revenues necessary to support the operating budget of the commission plus a prudent reserve, as determined by the Department of Finance pursuant to subdivision (b) of Section 44234.

**Jurisdiction to Investigate a Failure to Report Educator Misconduct**

Section 44242.5 of the Education Code is amended to read:

44242.5. (a) Each allegation of an act or omission by an applicant for, or holder of, a credential for which he or she may be subject to an adverse action shall be presented to the Committee of Credentials.

(b) The committee has jurisdiction to commence an initial review upon receipt of any of the following:

1. (A) Official records of the Department of Justice, of a law enforcement agency, of a state or federal court, or of any other agency of this state or another state.
   (B) For purposes of subparagraph (A), "agency of this state" has the same meaning as that of "state agency" as set forth in Section 11000 of the Government Code.

2. An affidavit or declaration signed by a person or persons with personal knowledge of the acts alleged to constitute misconduct.

3. (A) A statement from an employer notifying the commission that, as a result of an allegation of misconduct, or while an allegation of misconduct is pending, credentialholder has been dismissed, nonrelected, suspended for more than 10 days, or placed pursuant to a final adverse employment action on unpaid administrative leave for more than 10 days, or has resigned or otherwise left employment.
   (B) The employer shall provide the notice described in subparagraph (A) to the commission not later than 30 days after the dismissal, nonrelection, suspension, placement on unpaid administrative leave, resignation, or departure from employment of the employee.
   (C) For purposes of subparagraphs (A) and (B), a change in status due solely to unsatisfactory performance pursuant to paragraph (4) of subdivision (a) of Section 44932 or a reduction in force pursuant to Sections 44955 to 44958, inclusive, is not a result of an allegation of misconduct.

4. A notice from an employer that a complaint was filed with the school district alleging sexual misconduct by a credentialholder. Results of an investigation by the committee based on this paragraph shall not be considered for action by the committee unless there is evidence presented to the committee in the form of a written or oral declaration under penalty of perjury that confirms the personal knowledge of the declarant regarding the acts alleged to constitute misconduct.
(5) A notice from a school district, employer, public agency, or testing administrator of a violation of Section 44420, 44421.1, 44421.5, or 44439.

(6) (A) An affirmative response on an application submitted to the commission as to any conviction, adverse action on, or denial of, a license, or pending investigation into a criminal allegation or pending investigation of a noncriminal allegation of misconduct by a governmental licensing entity.

(7) **Failure to make a report or provide information required by Section 44030.5.**

(B) Failure to disclose any matter set forth in subparagraph (A).

(c) An initial review commences on the date that the written notice is mailed to the applicant or credentialholder that his or her fitness to hold a credential is under review. Upon commencement of a formal review pursuant to Section 44244, the committee shall investigate all alleged misconduct and the circumstances in mitigation and aggravation. The investigation shall include, but not be limited to, all of the following:

1. Investigation of the fitness and competence of the applicant or credentialholder to perform the duties authorized by the credential for which he or she has applied or that he or she presently holds.
2. Preparation of a summary of the applicable law, a summary of the facts, contested and uncontested, and a summary of any circumstances in aggravation or mitigation of the allegation.
3. Determination of probable cause for an adverse action on the credential. If the allegation is for unprofessional or immoral conduct, the committee, in any formal review conducted pursuant to Section 44244 to determine probable cause, shall permit the employer of the credentialholder to be present while testimony is taken. If the allegation of unprofessional or immoral conduct involves sexual abuse, the employer shall be examined in the meeting for any relevant evidence relating to the sexual abuse.
   
   (A) If the committee determines that probable cause for an adverse action does not exist, the committee shall terminate the investigation.
   
   (B) If the committee determines that probable cause for an adverse action on the credential exists, upon receipt of a request from an applicant or a credentialholder pursuant to Section 44244.1, the commission shall initiate an adjudicatory hearing, as prescribed by Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, by filing an accusation or statement of issues.
   
   (d) The committee has jurisdiction to commence a formal review pursuant to Section 44244 upon receipt of any of the following:

   (1) (A) Official records of a state or federal court that reflect a conviction or plea, including a plea of nolo contendere, to a criminal offense or official records of a state court that adjudge a juvenile to be a dependent of the court pursuant to Section 300 of the Welfare and Institutions Code due to allegations of sexual misconduct or physical abuse by a credentialholder or applicant.
   
   (B) Nothing in subparagraph (A) shall be construed to relieve the commission from the confidentiality provisions, notice, and due process requirements set forth in Section 827 of the Welfare and Institutions Code.
   
   (2) An affidavit or declaration signed by a person or persons with personal knowledge of the acts alleged to constitute misconduct.
   
   (3) A statement described in paragraph (3) of subdivision (b).
   
   (4) Official records of a governmental licensing entity that reflect an administrative proceeding or investigation, otherwise authorized by law or regulation, which has become final.
   
   (5) A notice described in paragraph (5) of subdivision (b).
   
   (6) A response or failure to disclose, as described in paragraph (6) of subdivision (b).

(7) **Failure to make a report or provide information required by Section 44030.5.**
(e) (1) Upon completion of its investigation, the committee shall report its actions and recommendations to the commission, including its findings as to probable cause, and if probable cause exists, its recommendations as to the appropriate adverse action.

(2) The findings shall be available, upon its request, to the employing or last known employing school district, or, if adverse action is recommended by the committee and the credentialholder has not filed a timely appeal of the recommendation of the committee pursuant to Section 44244.1, upon a request made within five years of the date of the committee's recommendations to a school district providing verification that the credentialholder has applied for employment in the school district. The findings, for all purposes, shall remain confidential and limited to school district personnel in a direct supervisory capacity in relation to the person investigated. Any person who otherwise releases findings received from the committee or the commission, absent a verified release signed by the person who is the subject of the investigation, shall be guilty of a misdemeanor.

Amendment to and Addition of Various Budget Bill Items, Support, University of California

General Fund Resources for the University of California (UC) (Issues 036 and 038)—It is requested that Provision 2 of Item 6440-001-0001 be removed.

Following the UC Regents’ November 2014 action to authorize the UC President to increase student tuition by up to 28 percent over five years, the Administration and the UC President undertook a review of UC as part of a select advisory committee to develop and evaluate proposals to reduce the University’s cost structure, while maintaining or improving access, quality, accountability, and outcomes.

After months of data review, discussions between the Administration and the UC Office of the President, and interviews with higher education experts, faculty and staff at UC campuses, and undergraduate and graduate students, the Governor and the UC President have agreed that UC will undertake a number of reforms to manage its operations more effectively and that the President will strongly recommend that the Academic Senate undertake reviews of additional reforms. Implementation of these reforms will allow UC to better serve existing students and reduce its future operating costs so that students will have access to an affordable UC education in the years to come.

Under this framework, tuition for California undergraduate students will remain flat through 2016-17.

It is further requested that Item 6440-004-0001 be added in the amount of $96 million. Chapter 296, Statutes of 2012 (AB 340), establishes the Public Employees’ Pension Reform Act of 2013 (PEPRA). Notably, the statute limits the compensation used to calculate pensions for new employees hired after January 1, 2013, in state government, local government, and schools. For members who participate in Social Security, PEPRA caps pensionable compensation at the Social Security Wage Base, with adjustments using the Consumer Price Index. The 2015 cap is $117,020. (For members who do not participate in Social Security, the cap is 120 percent of that amount.) The University of California Retirement Plan complies with an Internal Revenue Service cap of $265,000.
By July 1, 2016, the Regents will adopt a program for new employees in which an employee can elect either a defined benefit plan that includes a cap on pensionable compensation consistent with PEPRA (with, for some employees, a supplemental defined contribution plan) or a full defined contribution plan. By creating such a pension program to control long-term costs, UC will be eligible to receive Proposition 2 debt funds to pay down UC’s pension liabilities.

It is further requested that the following language be added to conform to this action:

6440-004-0001—For support of University of California........................................... $96,000,000
Schedule:
(1) 5440-Support.................................................................................................................. $96,000,000

The amount appropriated in this item shall be released only upon certification by the Director of Finance that the Regents of the University of California have approved a retirement program that limits pensionable compensation consistent with the limits specified in the Public Employees' Pension Reform Act of 2013.

The May Revision Budget Summary includes additional details regarding the framework.

Adjust Funding for Tobacco-Related Disease Research (Issue 035)—It is requested that Item 6440-001-0234 be decreased by $1,661,000 to reflect available resources in the Cigarette and Tobacco Products Surtax Fund Research Account (created in Proposition 99).

Add One-Time Funding for Earthquake Engineering Research (Issue 033)—It is requested that Item 6440-001-0308 be added in the amount of $431,000 on a one-time basis to appropriate the unencumbered balance in the Earthquake Risk Reduction Fund.

It is further requested that the following language be added to conform to this action:

6440-001-0308—For support of University of California, payable from the Earthquake Risk Reduction Fund of 1996........................................................................................................ $431,000

Trailer Bill Language

Extend Authority for the California Health Benefit Review Program—It is requested that trailer bill language be included to authorize the California Health Benefit Review Program for the 2015-16 fiscal year. The Governor's Budget funds the California Health Benefit Review Program from the Health Care Benefits Fund in 2015-16. Existing law authorizes the program through December 31, 2015. This proposal would extend authority for the program through June 30, 2016.

LEGISLATIVE COUNSEL'S DIGEST

Bill No.
as introduced, ______.

General Subject: California Health Benefit Review Program.

Existing law, until December 31, 2015, requests the University of California to establish the California Health Benefit Review Program to assess legislation proposing a mandated health benefit or service, as defined, to be provided by health care service plans and health insurers, and to prepare a written analysis in accordance with specified criteria. Existing law, for fiscal years 2010–11 to 2014–15, inclusive, provides funding for the University of California's implementation of these provisions from a fee imposed upon health care service plans and health insurers, which may not exceed a total of $2,000,000 and is to be deposited in the Health Care Benefits Fund.

This bill would make these provisions inoperative on June 30, 2016, and would repeal them as of January 1, 2017. The bill would also provide for the imposition of the fee through the 2015–16 fiscal year.

This bill would declare that it is to take effect immediately as an urgency statute.

Amendments to and Addition of Trailer Bill Language, Capital Outlay, University of California

It is requested that Education Code Section 92493 be amended to allow the University of California (UC) to pledge a portion of its General Fund appropriation to make availability payments, lease payments, or other similar payments for the financing of capital expenditures. This action will provide UC with greater flexibility to use its General Fund support appropriation for alternative financing options.

It is also requested that Education Code Section 92497 be added to allow UC to use project savings from the UC Merced Classroom and Academic Office Building project identified in Item 6440-301-6048 of the 2012 Budget Act, (as added by Chapter 575, Statutes of 2012), for the construction phase of this project, as authorized in Provision 3 of Item 6440-001-0001 of the 2013 Budget Act. This action would allow UC to use existing general obligation bond funds to address a potential deficiency in the construction phase, and would eliminate the need to issue additional bonds for this purpose. The addition also includes language extending the encumbrance period of the 2012 appropriation.

The effect of my requested action is reflected on the attachment.

Amendment to Budget Bill Item 6610-001-0001, Support, California State University

It is requested that Item 6610-001-0001 be increased by $38 million to provide additional base support to the California State University (CSU).

The Administration expects CSU to improve student success at all campuses as described in the CSU Chancellor’s CSU Graduation Initiative. The CSU Graduation Initiative sets goals to be achieved by the year 2025, including a four-year graduation rate for freshman entrants of 24 percent and a two-year rate for transfer students of 35 percent. The Administration expects CSU to report publicly regarding progress toward those goals and to evaluate whether more ambitious targets are warranted. The CSU should expand the strategic use of technology and data to achieve these outcomes.

The CSU has already indicated that it would use the funds included in the Governor’s Budget to support the costs of about 4,000 new students. The Administration expects CSU to use the additional resources included in the May Revision to enroll 1,500 more transfer students by the spring of 2016.

The effect of my requested action is reflected on the attachment.

2014-2015 Budget Request Summary
CSU Capital Outlay Program

The CSU 2014-2015 Capital Outlay program priority list was approved by the Board of Trustees in November 2013. Capital Outlay Budget Change Proposals totaling over $360 million were submitted to DOF for review in September 2013. Subsequently the governor and legislature approved Trailer Bill Language in June 2014 increasing CSU’s authority to finance and pay for capital outlay projects using operating funds. As a result, in September 2014, an information item was presented to the board of trustees identifying the projects that could be funded using $10 million in annual operating funds for debt service to fund $130 million in projects.

The highest priority project is the California State University, Fresno Utilities Infrastructure project which is currently being funded through the equipment lease financing program in order to enable the campus to proceed to construction as quickly as possible in light of the repeated failures to the electrical distribution system.

The second priority is the Statewide Infrastructure Improvements program which is designed to address building and infrastructure systems that have passed their useful life. The list of individual campus projects comprising the Statewide Infrastructure Improvements program still totals $103.67 million but has been slightly revised and was approved by the board in January 2015.

The January 2015 approval also includes additional projects as the estimated amount of projects that may be financed has increased from $130 million to $150-$160 million. Therefore, this list provides brief project descriptions for those additional projects that may be funded depending on the results of a future bond sale.

**Statewide Infrastructure Improvements**

| PWC | $103,674,000 |

Statewide Infrastructure Improvement projects will address CSU's highest priority deficiencies in campus primary infrastructure, facilities, and distribution systems. Critical deficiencies identified throughout the 23-campus system will be addressed to enable campuses to continue essential operations, reduce the likelihood of catastrophic failures, and meet current code requirements to operate safe facilities. Major building systems will be modernized to enable campuses to operate utilities more effectively, improve HVAC systems efficiency, reduce energy and lighting costs, reduce water consumption and greenhouse gas emissions, and extend the useful life of existing facilities. The specific projects include:

**BAKERSFIELD**

**PE Building HVAC/Roof Replacement**

| C | $389,000 |

This project will replace the existing roof and air handling system in the PE Building (#33) with new multi-ply roofing, insulation, roof drains, mechanical ducting, HVAC and controls.

**Nursing Building HVAC Replacement**

| PWC | $1,100,000 |

This project will replace the existing HVAC air handling units and upgrade the ductwork throughout the Nursing building (#30).

2015-2016 Budget Request Summary
CSU Capital Outlay Program

The CSU 2015-2016 Capital Outlay program priority list totaling over $403 million was approved by the Board of Trustees in November 2014. Capital Outlay Budget Change Proposals totaling over $364 million were submitted to DOF for review in September and October 2014. With the approval of Trailer Bill Language in June 2014, CSU’s authority to finance and pay for capital outlay projects using operating funds was increased.

The highest priority project in the 2015-2016 Capital Outlay Program is the Statewide Infrastructure Improvements program which is designed to address deficiencies in campus primary infrastructure, facilities, and distribution systems. Critical deficiencies identified throughout the 23 campus system will be addressed to enable campuses to continue essential operations, reduce the likelihood of catastrophic failures, and meet current code requirements to operate safe facilities. The list of individual campus projects comprising the Statewide Infrastructure Improvements program totals $120.22 million and includes limited funds for Statewide Water and Energy Conservation projects.

A summary of the university’s proposed 2015-2016 Capital Outlay program is as follows, contingent upon state funding of the CSU support budget and/or other state funding becoming available (e.g. one-time deferred maintenance). Projects submitted to DOF in September 2014 that are now anticipated to be financed in 2014-2015 based on the January 2015 board approval have been dropped from the 2015-2016 Capital Outlay Program.

Budget Year, Local Assistance

Item 6870-101-0001, Investing in Student Success and Implementing Statewide Performance Strategies (Issues 027 and 028)—It is requested that Schedule (9) of Item 6870-101-0001 be increased by $30 million to reflect: (1) $15 million for Student Equity Plans, (2) $12 million to develop and disseminate statewide effective professional, administrative, and educational practices including the development of curriculum and practices for members of the California Conservation Corps and for inmates to support the effective implementation of Chapter 695, Statutes of 2014, and (3) $3 million to provide additional local technical assistance to support the implementation of effective practices across all districts. In addition, the May Revision proposes provisional language to implement foster youth services pursuant to Chapter 771, Statutes of 2014.

It is further requested that Provision 10 of this item be amended as follows to conform to these actions:

"10. (a) The funds appropriated in Schedule (9) shall be used for the purposes of Article 1 (commencing with Section 78210) of Chapter 2 of Part 48 of Division 7 of Title 3 of the Education Code.

(b) Of the amount included in Schedule (9):

(1) $285,183,000 shall be allocated pursuant to Section 78216 of the Education Code."
(2)(A) $170,000,000 $185,000,000 shall be allocated to community college districts to implement student equity plans pursuant to Article 1.5 of Chapter 2 of Part 48 of Division 7 of Title 3 of the Education Code. These plans shall be coordinated with the Student Success and Support Program plans, pursuant to Section 78216 of the Education Code, and the Student Success Scorecard, pursuant to Section 84754.5 of the Education Code.

(B) These funds shall be allocated by the chancellor to community college districts using a methodology that ensures that districts with a greater proportion or number of students who have high needs receive more resources to provide services to these students. The chancellor shall ensure that the allocation methodology reflects the inclusion of foster youth within the proportion or number of high needs students.

(C) Consistent with the intent of Chapter 771, Statutes of 2014 and within the funds allocated to community college districts pursuant to this paragraph, the chancellor shall enter into agreements with up to 10 community college districts to provide additional services in support of postsecondary education for foster youth. Further, the chancellor shall ensure that the list of eligible expenditures developed pursuant to subdivision (d) of Education Code Section 78221 includes expenditures that are consistent with the intent of Chapter 771, Statutes of 2014.

(3)(A) $2,500,000 $5,500,000 may be used by the chancellor to provide technical assistance to community college districts that demonstrate low performance in any area of operations. It is the intent of the Legislature that technical assistance providers be contracted in a cost-effective manner, that they primarily consist of experts who are current and former employees of the California community colleges, and that they provide technical assistance consistent with the vision for the California community colleges.

(B) Technical assistance funded pursuant to this paragraph that is initiated by the chancellor may be provided at no cost to the district. If a community college district requests technical assistance, the district is required to spend at least $1 from local or other resources for every $2 received as determined by the chancellor.

(4)(A) $12,000,000 may be used by the chancellor to provide regional and online workshops and trainings to community college personnel to promote statewide priorities including, but not limited to: strategies to improve student achievement; strategies to improve community college operations; and system leadership training to better coordinate planning, implementation, and outcomes of statewide initiatives. To the extent possible, the chancellor shall partner with existing statewide initiatives with proven results of improving student success and institutional effectiveness. Beginning in the 2016–17 fiscal year, the Chancellor of the California Community Colleges shall submit a report on the use of these funds in the prior year to the Department of Finance and the Joint Legislative Budget Committee no later than October 1 of each year.

(B) Funding available pursuant to this paragraph may be utilized by the chancellor to coordinate with community college districts to develop and disseminate effective practices through the establishment of an online clearinghouse of information. The development of effective practices shall include, but not be limited to, statewide priorities such as the development of educational programs or courses for the incarcerated, educational programs or courses for California Conservation Corps members, and other effective practices.

(C) It is the intent of the Legislature to encourage the chancellor to facilitate the development of local community college courses for Conservation Corps and the incarcerated. The California Department of Corrections and Rehabilitation and the California Conservation Corps are
encouraged to partner with the Chancellor’s Office in the development and dissemination of local community college courses and effective practices pursuant to this subparagraph and subparapraph (B).

(D) It is the intent of the Legislature that the Chancellor identify, one, or multiple, community college districts that would be willing to utilize up to a total of $5.0 million of their combined funding for the purpose of providing adult inmate education. These funds shall be utilized to receive a 1 to 3 match of state and private funds that could be available for the purpose of providing adult inmate education. Any private funds received would be allocated to the identified community colleges based on their proportion of the combined funding match.

(4)(5) Up to $14,000,000 may be used for e-transcript, e-planning, and common assessment tools. Any remaining funds shall be used pursuant to paragraph (1).”

Item 6870-101-0001, Increasing Full-Time Faculty (Issue 021)—It is requested that Schedule (1) of Item 6870-101-0001 be increased by $75 million to increase apportionment funding on a per full-time equivalent student basis to increase the proportion of full-time faculty at community college districts. Districts would be required to increase their number of full-time faculty based on specified funding and full-time faculty percentages.

It is further requested that Provision 2 (e) of this item be added as follows to conform to these actions:

2. (e)(1) Of the funds appropriated in Schedule (1), $75,000,000 is for increasing the number of full-time faculty within the community college system. Notwithstanding, Subchapter 2 (commencing with Section 51025) of Chapter 2 of Division 6 of Title 5 of the California Code of Regulations, the Chancellor shall allocate these funds to all districts on a per full-time equivalent student (FTES) basis by modifying each districts budget formula pursuant to Section 84750.5 of the Education Code. Any revisions to the budget formula made for the purposes of this subdivision shall be made and reported consistent with the requirements of subdivision (f) of Section 84750.5 of the Education Code.

(2) Utilizing the data from the full-time faculty obligation report for the 2014-15 fiscal year, the Chancellor shall rank, from the lowest to the greatest full-time faculty percentage, each community college district within quintiles. The Chancellor shall adjust the faculty obligation number for each district as follows:

(A) An increase of one for every $70,000 received for districts in the lowest quintile (quintile 1).

**Item 6870-101-0001, Technical Provisional Language Adjustments**—It is also requested that the following provisional language amendments to Item 6870-101-0001 be made to reflect language that was inadvertently omitted:

"2. (d) Of the funds appropriated in Schedule (1):

Current and Prior Year, Local Assistance

Basic Skills Grant and Partnership Funding (Issues 029 and 030)—It is requested that $60 million be appropriated to establish the Community College Basic Skills and Student Outcomes Transformation Program to assist community college districts in improving the delivery of basic skills instruction by adopting or expanding the use of evidence-based models of assessment, placement, instruction, and student support that accelerates the progress of underprepared students towards achievement of postsecondary educational and career goals. It is further requested that $2 million be appropriated to establish the California Community Colleges and California State University (CSU) Basic Skills Partnership program to provide incentives to community college districts and the CSU to coordinate their efforts to provide effective basic skills instruction to incoming CSU students in need of basic skills instruction.

See Attachment 1 (Community College Basic Skills and Student Outcomes Transformation Program) and 2 (California Community Colleges and CSU Basic Skills Partnership) for proposed trailer bill to implement these programs.

One-Time Physical Plant and Instructional Equipment Funding (Issue 022)—It is requested that one-time facilities and instructional equipment funding be increased by $48 million to reflect a proposed 2014-15 Proposition 98 General Fund appropriation for repair and maintenance of facilities and replacement of instructional equipment and library materials. (See budget year item that also augments this program.)

See Attachment 3 for proposed trailer bill language for this purpose.

Increase Mandate Debt Payments (Issue 020)—It is requested that mandate debt payments be increased by $274,749,000 to reflect proposed 2013-14 and 2014-15 Proposition 98 General Fund appropriations of $13,529,000 and $261,220,000, respectively, to pay for outstanding mandate debt on a per full-time equivalent student basis. This flexible one-time funding will reduce mandate debt while also providing districts with discretion to pay for other one-time expenses, such as curricula redesign, start-up costs for new career technical education programs, and other one-time costs. Associated trailer bill language would conform to this action.
Item 6870-101-0001, 2014-15 Education Protection Account (EPA) Revenue Update (Issue 032)—It is requested that Item 6870-101-0001, Budget Act of 2014 and conforming adjustments be made to reflect a $68,341,000 increase in 2014-15 EPA revenues. This adjustment is authorized by Section 41 of Chapter 34, Statutes of 2014.

2013-14 and 2014-15 Informational Offsetting Revenue Update (Issues 034 and 035)—It is requested that non-Budget Act items be adjusted to reflect 2013-14 and 2014-15 informational offsetting property tax and student fee revenue.

Item 6870-101-0001, 2013-14 Education Protection Account (EPA) Excess Tax Offset (Issue 031)—It is requested that Item 6870-101-0001, Budget Act of 2013 be increased by $31,000 to reflect differences between the estimated and actual impact of excess tax districts receiving EPA funding that does not offset apportionment funding. This adjustment is authorized by Section 42 of Chapter 34, Statutes of 2014.

Trailer Bill Language

Veterans Non-Resident Tuition Clarification—In addition, the May Revision proposes conforming trailer bill language to further clarify community college compliance with the Veterans Access, Choice and Accountability Act of 2014. This federal Act requires the U.S. Department of Veterans Affairs to disapprove programs of education eligible for GI Bill education benefit programs at institutions of higher learning if the institutions charge qualifying veterans and dependents tuition and fees in excess of the in-state rate for resident students for terms beginning after July 1, 2015.

See Attachment 4 for proposed trailer bill language for this purpose.

Informational

Pursuant to Education Code section 84758, the Department of Finance (Finance) is required to notify the Legislature and the Chancellor’s Office of the amount of revenue estimated to be available to community college districts during the next fiscal year from local taxes, exclusive of bond interest and redemption, and timber taxes received.

Finance estimates that property taxes totaling $2,612,446,000 net of excess taxes will be available to offset district apportionments in 2015-16. This estimate excludes $705,000 in estimated timber tax revenues.

Education Code section 84758 also requires Finance to notify the Legislature of the difference between the Chancellor’s Office 2014-15 local property tax estimate, excluding timber taxes, and Finance’s 2014-15 property tax estimates as of May 2014, excluding timber taxes.

The Chancellor’s Office reported 2014-15 local property taxes of $2,262,734,000, net of excess taxes and excluding timber taxes of $698,000, as of the first principal apportionment payment. Finance’s 2014-15 property tax estimate as of May 2014, was $2,308,081,000, net of excess taxes and excluding timber taxes of $500,000. Therefore, the Chancellor’s Office’s current property tax estimate for 2014-15 is $46,045,000 below Finance’s May 2014 estimate.

The effect of my requested action is reflected on the attachment.

(3) Commencing in the year that a college receives a grant and for the following three fiscal years, annually reporting to the chancellor's office on program outcomes, disaggregated by the demographic characteristics, high school grade point average, and initial placement level of its students, for purposes of measuring progress compared to the community college's performance before its implementation of this part. Trailer Bill Language

It is requested that the trailer bill language transmitted with the Governor’s Budget be replaced. The revised trailer bill makes the following substantive changes:

- **State Role:** Specifies that the Chancellor of the California Community Colleges and the Superintendent of Public Instruction are the state officials responsible for identifying and understanding the educational needs of adults.
-2-

- Consortia Governance: Removes the proposal for consortia to establish allocation boards and instead requires the Chancellor and the Superintendent to approve rules and procedures for each consortium, such that a consortium will make decisions publicly and seek feedback from other entities interested in adult education.

- Adult Education Plans: Requires the members of each consortium to approve comprehensive plans at least once every three years, with annual updates to reflect available data.

- Apportionments:
  - For fiscal year 2015-16, requires the Chancellor and the Superintendent to:
    - By July 30, 2015, certify the portion of state funds each school district was required to use for adult education in 2013-14 and 2014-15 that was for the areas of adult education specified in AB 86.
    - By August 30, 2015, apportion funds to school districts equal to the amounts certified.
    - By October 30, 2015, approve allocations to consortia for the remaining funds, with apportionments to follow shortly thereafter.
  - Beginning in 2016-17, requires the Chancellor and the Superintendent to:
    - By February 28 of the prior year, approve preliminary allocations to consortia based on funds included in the Governor's Budget for that year.
    - Within 15 days of enactment of the annual budget, approve final allocations to consortia.
  - Requires the Chancellor and the Superintendent to include, in any schedule of allocations, preliminary projections of the amounts that would be apportioned in the subsequent two years.
  - Allows the consortia to have funds distributed to either (1) each of the members based on a schedule submitted to the Chancellor and the Superintendent or (2) a member serving as a fund administrator.

- Distribution of Funds Within Consortia:
  - Requires the members of a consortium to approve a schedule to specify the amount of funds to be distributed to each member in a given fiscal year.
  - Specifies that the members of a consortium may not reduce the amount of funds distributed to a particular member unless the members make at least one of the following findings related to the impacted member:
    - That member no longer wishes to provide services consistent with the adult education plan approved by the consortium.
-3-

- That member cannot provide services that address the needs identified in the adult education plan.

- That member has been consistently ineffective in providing services that address the needs identified in the adult education plan and reasonable interventions have not resulted in improvements.
  o Requires a distribution schedule to include preliminary projections of the amounts that would be distributed in the subsequent two years.

- Integration of Programs:
  o Requires school districts, county offices of education, and community college districts to be members of consortia to be eligible for any funds received from Local Control Funding Formula apportionments for attendance by adult students, community college apportionments for courses in adult education, the Adults in Correctional Facilities program, and specified federal programs administered by the Department of Education.

  o Requires the Chancellor and the Superintendent to submit a plan, by January 31, 2016, to distribute specified federal funds for adult education and related programs to these consortia.

Amendment to Budget Bill Item 6910-101-0001 and Addition of Item 6910-102-0001, Local Assistance, Awards for Innovation in Higher Education

**Item 6910-101-0001 (Issue 004)**—It is requested that Provisions 1 and 2 of Item 6910-101-0001 be amended to make technical amendments to the provisional language proposed in the Governor's Budget:

1. The funds appropriated in this item shall be used for support of the Awards for Innovation in Higher Education program.
2. Funds may be awarded directly only to a California State University campus campuses. A campus selected for an award, however, may distribute funds to any other institutions of higher education, such as California community colleges, or local education agencies involved in the policies, practices, and/or systems recognized by the Committee on Awards for Innovation in Higher Education.

**Item 6910-102-0001 (Issue 005)**—It is requested that Item 6910-102-0001 be added in the amount of $25 million, with a designation of “Proposition 98” pursuant to Section 12.32, for the Awards for Innovation in Higher Education. This request would allow the Committee on Awards for Innovation in Higher Education to make awards to community colleges. The item would read as follows:

6910-102-0001—For local assistance, Awards for Innovation in Higher Education (Proposition 98)........................................................................................................... $25,000,000

Schedule:
(1) 5810-Awards for Innovation in Higher Education........................................ $25,000,000

Provisions:
1. The funds appropriated in this item shall be used for support of the Awards for Innovation in Higher Education program.
2. Funds may be awarded directly only to California community colleges.
Trailer Bill Language

**Proposition 98 Appropriation (Issue 003)**—It is requested that Item 6910-102-0001 be added to the 2014 Budget Act in the amount of $23 million, with a designation of "Proposition 98" pursuant to Section 12.32, for the Awards for Innovation in Higher Education.

For fiscal year 2014-15, the Committee on Awards for Innovation in Higher Education made awards to six applications coordinated by community colleges. The total amount of funds awarded to these applications was $23 million. This request allows for appropriate accounting of these allocations. (The committee also awarded $27 million to applications coordinated by University of California [UC] or CSU campuses. See Issue 002.)

**Codify Innovation Awards Program**—It is requested that Section 66010.96 be added to the Education Code to codify the program. The language included in this request replaces the trailer bill language transmitted with the Governor's Budget. The revised proposal specifies that the Awards for Innovation in Higher Education program recognizes institutions of higher education that achieve the objectives and goals for California's postsecondary education system as added by Chapter 367, Statutes of 2013 (SB 195).

**Information Only**

**Item 6910-101-0001, Budget Act of 2014 (Issue 002)**—Item 6910-101-0001, Budget Act of 2014, appropriates $50 million from the General Fund for the Awards for Innovation in Higher Education. It is expected that the expenditures from this item will be $27 million.

For 2014-15, the Committee on Awards for Innovation in Higher Education made awards to eight applications coordinated by UC or CSU campuses. The total amount of funds awarded to these applications was $27 million. (The committee also awarded $23 million to applications coordinated by community colleges. See Issue 003.)

The effect of my requested action is reflected on the attachment.
