### PROGRAM DESCRIPTIONS

#### 10 - HEALTH CARE QUALITY AND ANALYSIS

The Health Care Quality and Analysis Program conducts applied health care outcomes analysis to produce public reports that address health care quality, outcomes, access and other relevant issues in order to improve access to and quality of health care with the intent of improving the health of Californians. Using data collected through the Health Care Information Program, this program also produces data and products about health care cost, utilization and other trends to effectively meet the needs of health care policymakers, health care providers, health planners, public and private sector health care purchasers, researchers, consumers, and the media.

#### 30 - HEALTH CARE WORKFORCE

The Health Care Workforce Program supports the development and expansion of primary care, mental health and allied health training throughout the state, promotes health care workforce diversity and cultural competency, encourages providers to work in underserved areas, and promotes the recruitment of students into health professions. It includes the following program areas:

- Health Workforce Pilot Projects Program - Provides the opportunity for health care related organizations to demonstrate, test and evaluate new or expanded roles for health care professionals or new health care delivery alternatives prior to amending regulations or laws. Under this program, trainees in approved pilot projects are exempted from other provisions of law. Pilot project results help guide changes to the Business and Professions Code.
- Song-Brown Health Care Workforce Training Program - Grants funds to family practice residency, nurse practitioner, physician assistant, mental health, and registered nurse training programs to increase the number and improve the distribution of these professionals in underserved areas of the state.
- Health Careers Training Program - Serves as a health professions resource and liaisons between public and private partnerships to promote recruitment, training, placement, and retention of a multicultural and linguistically competent health workforce in California.
- Shortage Designation Program - Liaisons between the federal government and health care provider sites applying for designation as a Health Professional Shortage Area (HPSA) or a Medically Underserved Area/Population. These designations enable clinics to be eligible for assignment of National Health Service Corps Personnel or apply for Rural Health Clinic certification Federally Qualified Health Center Look-Alike certification, and New Start/Expansion Program.
- California State Loan Repayment Program (CSLRP) - Increases the number of licensed primary care physicians, dentists, dental hygienists, physician assistants, nurse practitioners, certified nurse midwives, and mental health providers practicing in designated HPSAs. CSLRP is authorized to repay educational loans of health professionals, who in turn must obligate themselves for service in public or private non profit entities for a minimum of two years and maximum of four years providing direct patient care.
- Health Care Workforce Clearinghouse Program (Clearinghouse) - Established to serve as the central source of health care workforce and education data in the State. The Clearinghouse is responsible for the collection, analysis, and distribution of information on the educational and employment trends for health care occupations in the State. The Clearinghouse will be fully implemented in 2012.
- Health Professions Education Foundation (a non-profit public benefit corporation) - Provides scholarships, loan repayments, and programs to health professional students and graduates who agree to provide direct patient care in a medically underserved area of California for one to four years. Programs serve allied health, nursing, mental health, and medical health professionals.

### 42 - FACILITIES DEVELOPMENT

The Facilities Development Program safeguards public health, safety, and general welfare through regulations of the design and construction of health care facilities to ensure they are capable of providing sustained services to the public.

### 45 - CAL-MORTGAGE LOAN INSURANCE

The Cal-Mortgage Program is modeled after federal home mortgage insurance programs, and insures loans to public and non-profit health care facilities for construction, renovation, and expansion projects. The Program facilitates access to private capital at no cost to taxpayers and has helped health care providers enhance the delivery of health care throughout California since 1972.

The Program underwrites loans, makes insurance recommendations to the Advisory Loan Insurance Committee, monitors the Cal-Mortgage insured loan portfolio, and administers the Health Facility Construction Loan Insurance Fund. The Program also administers loan payback provisions of Fire Protection Loans and the Eminent Domain Certificate Program for health facilities.

### 60 - HEALTH CARE INFORMATION

The Health Care Information Program sets standards for, collects, and maintains financial and utilization data from nearly 5,000 licensed health facilities in California, as well as comprehensive demographic, diagnostic, and treatment data for all patients discharged from licensed hospitals, treated in emergency departments, or having had an ambulatory surgery procedure in hospital surgical clinics. This information is used by health care policymakers, health care providers, health planners, public and private sector health care purchasers, researchers, consumers and the media.

### 80 - ADMINISTRATION

Administration provides overall management, planning, policy development, legal, legislative, information technology support and administrative services to the OSHPD.

## 4170 Department of Aging

The Department's mission is to promote the independence and well-being of older adults, adults with disabilities, and families through:

- Access to information and services to improve the quality of their lives;
- Opportunities for community involvement;
- Support to family members providing care; and
- Collaboration with other state and local agencies.

As the designated State Unit on Aging, the Department administers Older Americans Act programs that provide a wide variety of community-based supportive services as well as congregate and home-delivered meals. It also administers the Health Insurance Counseling and Advocacy Program. The Department also contracts directly with agencies that operate the Multipurpose Senior Services Program.

The Department administers most of these programs through contracts with the state's 33 local Area Agencies on Aging (AAAs). At the local level, AAAs contract for and coordinate this array of community-based services to older adults, adults with disabilities, family caregivers and residents of long-term care facilities.

### PROGRAM DESCRIPTIONS

#### 10 - NUTRITION

The Nutrition Program provides nutritionally-balanced meals, nutrition education and nutrition counseling to individuals 60 years of age or older. In addition to promoting better health through improved nutrition, the program focuses on reducing the isolation of the elderly and providing a link to other social and supportive services such as transportation, information and assistance, escort, employment, and education.

#### 20 - SENIOR COMMUNITY EMPLOYMENT SERVICE

The federal Senior Community Service Employment Program, Title V of the Older Americans Act, provides part-time subsidized training and employment in community service agencies for low-income persons, 55 years of age and older. The program also promotes transition to unsubsidized employment.

#### 30 - SUPPORTIVE SERVICES AND CENTERS

This program provides supportive services including information and assistance, legal and transportation services, senior centers, the Long-Term Care Ombudsman and elder abuse prevention, and in-home services for frail older Californians as authorized by Titles III and VII of the Older Americans Act. The services provided are designed to assist older individuals to live as independently as possible and access the programs and services available to them.

#### 40 - SPECIAL PROJECTS

This program includes the community-based Health Insurance Counseling and Advocacy Program (HICAP). HICAP provides personalized counseling, community education and outreach events for Medicare beneficiaries. HICAP is the primary local source for accurate and objective information and assistance with Medicare benefits, prescription drug plans and health plans.

#### 45 - CDA MEDI-CAL PROGRAMS

This program includes the Multipurpose Senior Services Program (MSSP) and Adult Day Health Care (ADHC) program, which will be eliminated effective February 29, 2012. The new Community-Based Adult Services (CBAS) program will begin March 1, 2012 and will provide necessary medical and social services to those in the elder community with the greatest need. The CBAS program is to be operated by the Department of Health Care Services, which will require a revision to the proposed budget to reflect this shift in program operation. The MSSP provides health/social case management to prevent premature and unnecessary long-term care institutionalization of frail elderly persons. The Department provides program oversight of the MSSP via an interagency agreement with the Department of Health Care Services.

### PROGRAM DESCRIPTIONS

#### 10 - COMMISSION ON AGING

The Commission on Aging has a variety of statutory responsibilities, including assisting with the development of the Department of Aging's State Plan on Aging, monitoring its progress, and information-gathering. As part of its information-gathering responsibility, the CCoA holds meetings and public hearings around the State to address the issues and concerns of older Californians, their families, and caregivers. The Commission uses the information gathered from these meetings and public hearings to develop initiatives and projects focused on older Californians. CCoA also assists with the development and implementation of the State's Alzheimer's Disease Plan and administers the Area Agency on Aging Council of California. This Council is supported solely by voluntary contributions made through a check-off box included on the state income tax form.

## 4200 Department of Alcohol and Drug Programs

The Department of Alcohol and Drug Programs provides leadership, policy, coordination, and investments in the planning, development, implementation, and evaluation of a comprehensive statewide system of alcohol and other drug prevention, treatment, and recovery services, as well as problem gambling prevention and treatment services. As the state's alcohol and drug authority, the Department is responsible for inviting the collaboration of other departments, local public and private agencies, providers, advocacy groups, and individuals in establishing standards for the statewide service delivery system.

This Department is undergoing significant changes. In 2011-12, the Drug Medi-Cal functions were transferred to counties as part of 2011 Realignment (Org 5196), and administrative functions for the Drug Medi-Cal program are being transferred to the Department of Health Care Services. In 2012-13, the remaining programs are proposed to be transferred to various departments, including the Department of Health Care Services, the Department of Public Health, and the Department of Social Services.

## 4200 Department of Alcohol and Drug Programs - Continued

### LEGAL CITATIONS AND AUTHORITY

#### DEPARTMENT AUTHORITY

Health and Safety Code, Division 10.5 (commencing with Section 11750).

### MAJOR PROGRAM CHANGES

- Following the approach taken by 2011 Realignment, which shifted community-based programs from the Department to counties, the Governor's Budget transfers the remaining departmental responsibilities to other state departments.

Specifically, the majority of the programs and associated funding and positions are proposed to transfer to the new Division of Mental Health and Substance Use Disorder Services within the Department of Health Care Services, and many of the licensing programs would transfer to the Department of Social Services. The remainder of the programs (including problem gambling, driving under the influence, and certain narcotic treatment programs) would reside at the Department of Public Health.

This transfer of the remaining Department of Alcohol and Drug Programs activities is consistent with the realignment and consolidation effort begun in 2011-12.

### MAJOR PROGRAM CHANGES

- Improved Care Coordination for Seniors and Disabled Beneficiaries - The Budget includes \$679 million in General Fund savings from transitioning beneficiaries who are eligible for Medicare and Medi-Cal from current fee-for-service models to a coordinated health care delivery system. Savings will come from (1) the Medicare program sharing half of its savings with the state, and (2) lower utilization of costly Medi-Cal long-term care services (e.g., reductions in hospital and nursing home admissions) combined with higher utilization of comparatively economical physician visits and home and community based services. To achieve short-term savings until service delivery improvements are fully implemented, one payment would be deferred and managed care payment policies would be aligned.
- Transition of Children from the Healthy Families Program to Medi-Cal - The Budget includes \$155 million in new General Fund costs in Medi-Cal from transitioning Healthy Families children to Medi-Cal over a nine-month period beginning October 2012. After accounting for savings in the Healthy Families program, the statewide impact is a savings of \$64.4 million General Fund.
- Medi-Cal: Operational Flexibility - The Medi-Cal health care delivery system must have the capacity to respond to the rapidly changing field of health care and be able to change benefits, services, rate methodologies and payment policies faster than the current regulatory process allows. The Budget proposes a process that will incorporate stakeholder input and determine cost-effectiveness before implementation of changes. It will use sound evidence, be transparent, and monitor to ensure that it achieves the desired value. The Budget includes \$75 million in General Fund savings from this proposal.
- Consolidations and Transfers - The Budget eliminates the Department of Mental Health and the Department of Alcohol and Drug Programs and transitions funding for Medi-Cal and related support programs from these departments to the Department of Health Care Services to improve state support of these services. The Budget redirects three direct service programs (Every Woman Counts, Prostate Cancer Treatment, and Family Planning Access Care and Treatment) from the Department of Public Health (DPH) to the Department of Health Care Services to improve service delivery. The Office of Multicultural Health and the Office of Women's Health are proposed for redirection to DPH's newly created Office of Health Equity to enable the state to better identify and ameliorate health disparities for disadvantaged communities.

### MAJOR PROGRAM CHANGES

- The Governor's Budget includes a net decrease of \$107.3 million for the AIDS Drug Assistance Program (ADAP) to reflect a projected decrease in prescription drug costs and caseload. The decrease is primarily due to the transfer of Ryan White clients to county-based Low Income Health Programs. This amount includes savings of \$14.5 million from the proposal to increase client share of cost to the maximum percentages allowable under federal law for specified ADAP clients, but would limit ADAP clients with private insurance to a maximum cost sharing percentage.
- The Governor's Budget proposes the creation of the Office of Health Equity to enable the state to better identify and ameliorate health disparities for disadvantaged communities. This new office would incorporate the responsibilities of the Department of Health Care Services' Office of Women's Health, the Department of Mental Health's Office of Multicultural Services, and the Department of Public Health's Office of Multicultural Health, Health in All Policies Task Force, and Healthy Places Team.
- The Governor's Budget proposes to redirect funding and positions for the Every Woman Counts, Family Planning Access Care and Treatment, and Prostate Cancer Treatment programs from the Department of Public Health to the Department of Health Care Services to improve state support of direct health care services programs.
- The Governor's Budget proposes to transfer the Office of Problem Gambling, Driving Under the Influence program, Narcotics Treatment program, and the Counselor Certification program from the Department of Alcohol and Drug Programs to the Department of Public Health.

### MAJOR PROGRAM CHANGES

- Healthy Families Program Transition to Medi-Cal - The Budget includes a reduction of \$219.3 million General Fund in 2012-13 as a result of reducing the Healthy Families Program managed care rates to Medi-Cal levels effective October 1, 2012 and gradually transitioning the caseload to the Department of Health Care Services' (DHCS) throughout 2012-13. Net statewide savings of \$64.4 million General Fund in 2012-13 and \$91.5 million General Fund annually thereafter will be realized after accounting for DHCS costs associated with the shift in caseload between the two programs.

## PROGRAM DESCRIPTIONS

## 10 - MAJOR RISK MEDICAL INSURANCE PROGRAM

The Major Risk Medical Insurance Program provides health coverage to residents of the state who are unable to secure adequate coverage for themselves and their dependents because insurers consider them to be "medically uninsurable" or at high risk of needing costly care. The program procures coverage for subscribers through participating health plans. Subscribers pay monthly premiums and the program subsidizes the remaining costs.

## 20 - ACCESS FOR INFANTS AND MOTHERS PROGRAM

The Access for Infants and Mothers Program provides comprehensive health care to pregnant women. Only pregnant women whose family income is between 200 and 300 percent of the federal poverty level are eligible for the program. Pregnant women with incomes below 200 percent of the federal poverty level are eligible for the Medi-Cal program. The AIM Program provides coverage through participating health plans and covers eligible women through their pregnancy and 60 days postpartum. Subscribers pay a premium equal to 1.5 percent of their family income and the plan subsidizes the remaining cost of coverage.

## 40 - HEALTHY FAMILIES PROGRAM

The Healthy Families Program provides health coverage for eligible children up to age 19 in families with incomes up to 250 percent of the federal poverty level. These children are not eligible for Medi-Cal because of income. The program provides comprehensive health, dental and vision benefits through participating plans. Families pay a monthly premium and the program subsidizes the remaining cost of coverage.

## 50 - COUNTY HEALTH INITIATIVE MATCHING FUND PROGRAM

The County Health Initiative Matching Fund Program provides health coverage for eligible children up to age 19 in families with incomes between 250 and 400 percent of the federal poverty level that are not eligible for Medi-Cal or the Healthy Families Program. Coverage is provided through county-sponsored insurance programs, which provide comprehensive benefits similar to the Healthy Families Program. Program costs are funded by matching county expenditures with federal funds in participating counties that have been approved by the federal government. The Managed Risk Medical Insurance Board manages the intergovernmental transfer of federal funds, and the counties administer the program.

## 60 - PRE-EXISTING CONDITIONS INSURANCE PLAN PROGRAM

\* Dollars in thousands, except in Salary Range.

## 4280 Managed Risk Medical Insurance Board - Continued

The Pre-Existing Conditions Insurance Plan Program (PCIP) is a federally-funded health coverage program which provides health coverage to medically-uninsurable individuals with pre-existing conditions. The program is only available for individuals who did not have health coverage in the six months prior to applying. Subscribers pay monthly premiums and the program subsidizes the remaining costs.

### 4300 Department of Developmental Services

The Department of Developmental Services is responsible under the Lanterman Developmental Disabilities Services Act for ensuring that persons with developmental disabilities receive the services and supports they need to lead more independent and productive lives and to make choices and decisions about their lives. The Department ensures coordination of services to persons with developmental disabilities; ensures that such services are planned, provided, and sufficiently complete to meet the needs and choices of these individuals at each stage of their lives; and, to the extent possible, accomplishes these goals in the individual's home community.

The Department sets broad policy and provides leadership for developmental services statewide; establishes priorities, standards, and procedures within which the developmental services program operates; monitors, reviews, and evaluates service delivery; and ensures remediation of problems that arise. Services are delivered directly through Developmental Centers and a state-operated community facility, and under contract with a statewide network of 21 private, nonprofit, locally-based community agencies known as regional centers.

The Department's goals are to:

- Expand the availability, accessibility, and types of services and supports to meet current and future needs of individuals and their families.
- Develop systems to ensure that quality services and supports are provided.
- Facilitate the dissemination of information to improve services and supports and the lives of people with developmental disabilities.
- Ensure the Department, state Developmental Centers, regional centers, and service providers comply with all applicable federal and state laws, regulations and contracts, including accounting for their funding in an appropriate manner.

The Department provides developmental services to eligible persons through two programs: Community Services and Developmental Centers. Since Department programs drive the need for infrastructure investment, the department has a related capital outlay program to support this need. For the specifics on the Department of Developmental Services' Capital Outlay Program see "Infrastructure Overview."

## 4300 Department of Developmental Services - Continued

### PROGRAM DESCRIPTIONS

#### 10 - COMMUNITY SERVICES PROGRAM

Through the network of regional centers, the Department supports the development and maintenance of services for eligible persons with developmental disabilities who reside in the community. The regional centers directly provide or coordinate the following services and supports: (1) information and referral, (2) assessment and diagnosis, (3) counseling, (4) lifelong individualized planning and service coordination, (5) purchase of necessary services included in the individual program plan, (6) assistance in finding and using community and other resources, (7) advocacy for the protection of legal, civil, and service rights, (8) early intervention services for infants and their families, (9) family support, (10) planning, placement, and monitoring for 24-hour out-of-home care, (11) training and educational opportunities for individuals and families, (12) community education about developmental disabilities, and (13) habilitation services. The needs of individuals who reside in state-operated facilities are assessed and community resources are developed to assist those who can appropriately transition to the community.

The Department monitors regional centers to ensure they operate in accordance with statute, regulations, and their contract with the Department.

#### 20 - DEVELOPMENTAL CENTERS PROGRAM

The Department operates four Developmental Centers: Fairview (Orange County), Lanterman (Los Angeles County), Porterville (Tulare County), and Sonoma (Sonoma County). Secure treatment services are provided at Porterville Developmental Center. In addition, the Department leases one small facility for persons who require specialized behavioral interventions: Canyon Springs, a 63-bed facility in Cathedral City. Services at all facilities involve the provision of active treatment through residential and day programs on a 24-hour basis, including appropriate medical and dental care, health maintenance activities, and assistance with activities of daily living, training, education, and employment.

The primary objectives of the Developmental Centers Program include providing care, treatment, and habilitation services in the most efficient, effective, and least restrictive manner to all individuals referred to the Developmental Centers Program by the regional centers, and/or the judicial system; and providing services to individuals that ensure increased independence, maintenance or improvement of health and welfare, and enhanced personal competence and effectiveness in all areas of daily living.

The Developmental Centers Division provides central administrative and clinical management services to the four Developmental Centers and the leased small community facility to ensure the quality of services provided, compliance with state licensing and federal certification requirements, protection of consumers and staff, and maintenance of facility structures and grounds. Areas of responsibility include the development of policy and procedures for all aspects of the Developmental Centers operations, law enforcement and protective services, facility population management, program and fiscal oversight, and facilities planning and support.

#### 35 - DEPARTMENTAL ADMINISTRATION

The objective of this program is to provide to the Department (1) overall management, planning and policy development, and legal, legislative, audit, and administrative services and (2) revenue and reimbursement collections from federal and state programs, insurance companies, and private payers for the cost of services.

### INFRASTRUCTURE OVERVIEW

The Department of Developmental Services is responsible for the operation and maintenance of the facilities under its control, including the four state-owned and operated 24-hour care facilities and their buildings, grounds and infrastructure. The four active state-owned facilities comprise approximately 4.7 million gross square feet on 1,948 acres. The facilities are used to aid the Department's mission to provide medical, dental, and nursing care; supervision; active treatment; education and vocational training for residents with developmental disabilities. Agnews Developmental Center was vacated on June 30, 2011 and transferred to the Department of General Services' control. The Department also leases one small state-operated community facility but is not responsible for infrastructure or maintenance of these facilities.

**4440 Department of State Hospitals**

The California Department of State Hospitals (DSH) leads the state's mental health system, ensuring the availability and accessibility of effective, efficient, and culturally competent services. Advocacy, education, innovation, outreach, understanding, oversight, monitoring, quality improvement, and the provision of direct services accomplish this mission.

Since department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the Department of State Hospitals' Capital Outlay Program see "Infrastructure Overview."

### PROGRAM DESCRIPTIONS

#### 15 - IN-PATIENT SERVICES PROGRAM

The In-Patient Services Program administers the California state hospital system, the Forensic Conditional Release Program (CONREP), the Sex Offender Commitment Program, and the treatment and evaluation of judicially and civilly committed and voluntary patients.

#### PROGRAM ADMINISTRATION

Program administration includes headquarters functions that support the state hospital system, including policy development and management, licensing oversight, patients' rights coordination, clinical oversight, and data management.

#### IN-PATIENT SERVICES

The state hospital system includes five state hospitals: Atascadero, Metropolitan, Napa, Patton, and Coalinga. In addition, this program includes two inpatient psychiatric programs, one at the California Medical Facility in Vacaville and one at Salinas Valley State Prison, which provide treatment services to California Department of Corrections and Rehabilitation inmates. This program will also provide services to the new California Health Care Facility in Stockton which is currently under construction and scheduled to open in 2013-14.

Mental health treatment services are delivered by professionally trained clinical teams who provide full-time inpatient care to the most serious mentally ill and those incapable of living in the community. The DSH provides state-of-the-art mental health treatment services while balancing public safety.

#### CONDITIONAL RELEASE

The Forensic Conditional Release Program (CONREP) is the statewide system of community-based services for specified forensic patients. Mandated as a state responsibility by the Governor's Mental Health Initiative of 1984, the program began operations on January 1, 1986.

The goal of CONREP is to ensure greater public protection in California communities via an effective and standardized community outpatient treatment system.

#### 25 - EVALUATION AND FORENSIC SERVICES

Evaluation and Forensic Services is comprised of the Mentally Disordered Offender (MDO) and the Sexual Offender Commitment Program (SOCP). The MDO program applies only to prisoners whose crimes were committed on or after January 1, 1986. Penal Code Sections 2960-2981 require that a prisoner who meets six specific MDO criteria be ordered by the Board of Prison Terms to be treated by the DSH as a condition of parole. Welfare and Institutions Code Section 6600 et seq. (Chapter 793, Statutes of 1995) was enacted effective January 1, 1996, establishing a new category of civil commitment for persons found, upon release from prison, to be sexually violent predators (SVP). The DSH has designated this program the Sexual Offender Commitment Program (SOCP).

#### 30 - LEGAL SERVICES

Legal Services is responsible for a variety of legal issues, including representing the DSH in lawsuits related to government, constitution, employment, orders to show cause, conditions of confinement, involuntary medication, electronic convulsive therapy, and Health Insurance Portability and Accountability Act (HIPAA) and fraud. DSH attorneys make statewide court appearances, draft regulations and advise management and staff on a variety of programmatic issues.

#### 35 - DEPARTMENTAL ADMINISTRATION

Departmental Administration provides an array of services to support the state hospital system in meeting their objectives. Services provided include: budgeting, accounting, contracts and procurement, fiscal systems, information technology, personnel, labor relations, business services, local program financial support, and HIPAA.

### PROGRAM DESCRIPTIONS

#### 10 - VOCATIONAL REHABILITATION SERVICES

The Vocational Rehabilitation Services Program delivers vocational rehabilitation services to persons with disabilities through vocational rehabilitation professionals in district and branch offices located throughout the state. In addition, the Department has cooperative agreements with state and local agencies (education, mental health, and welfare) to provide unique and collaborative services to consumers. The Department operates under a federal Order of Selection process, which gives priority to persons with the most significant disabilities.

Persons with disabilities who are eligible for the Department's vocational rehabilitation services may be provided a full range of services, including vocational assessment, assistive technology, vocational and educational training, job placement, and independent living skills training to maximize their ability to live and work independently within their communities.

The Department also provides comprehensive training and supervision to enable persons who are blind or visually impaired to support themselves in the operation of vending stands, snack bars, and cafeterias. Pre-vocational services are provided by the Orientation Center for the Blind to newly blind adults to prepare them for vocational rehabilitation services and independent living.

The Department also works with public and private organizations to develop and improve community-based vocational rehabilitation services for the Department's consumers. The Department sets standards, certifies Community Rehabilitation Programs, and establishes fees for services provided to its consumers.

#### 30 - INDEPENDENT LIVING SERVICES

The Department funds, administers, and supports 29 non-profit independent living centers in communities located throughout California. Each independent living center provides services necessary to assist consumers to live independently and be productive in their communities. Core services consist of information and referral, peer counseling, benefits advocacy, independent living skills development, housing assistance, personal assistance services, and personal and systems change advocacy.

The Department also administers and supports the Traumatic Brain Injury (TBI) Program. In coordination with consumers and their families, seven service providers throughout California provide a coordinated post-acute care service model for persons with TBI, including supported living, community reintegration, and vocational supportive services.

The Department also serves blind and deaf-blind persons through counselor-teacher services, purchase of reader services, and community-based projects to serve the elderly blind.

#### 40 - ADMINISTRATION

The Administration Program provides overall management planning, policy development, and administrative support services to departmental programs.

### PROGRAM DESCRIPTIONS

#### 10 - CHILD SUPPORT SERVICES

The Department of Child Support Services is the single state agency designated to administer the federal Title IV-D state plan. The Department is responsible for providing statewide leadership to ensure that all functions necessary to establish, collect, and distribute child support in California, including securing child and spousal support, medical support and determining paternity, are effectively and efficiently implemented. Eligibility for California's funding under the Temporary Assistance to Needy Families (TANF) Block Grant is contingent upon continuously providing these federally required child support services. Furthermore, the Child Support Program operates using clearly delineated federal performance measures, with minimum standards prescribing acceptable performance levels necessary for receipt of federal incentive funding. The objective of the Child Support Program is to provide an effective system for encouraging and, when necessary, enforcing parental responsibilities by establishing paternity for children, establishing court orders for financial and medical support, and enforcing those orders.

#### 10.01 - Child Support Administration:

The Child Support Administration program is funded from federal and state funds. The Child Support Administration expenditures are comprised of local staff salaries, local staff benefits, and operating expenses and equipment. The federal government funds 66 percent and the state funds 34 percent of the Child Support Program costs. In addition, the Child Support Program earns federal incentive funds based on the state's performance in five federal performance measures.

#### 10.03 - Child Support Automation:

Federal law mandates that each state create a single statewide child support automation system that meets federal certification. There are two components of the statewide system. The first is the Child Support Enforcement (CSE) system and the second is the State Disbursement Unit (SDU). The CSE component contains tools to manage the accounts of child support recipients and to locate and intercept assets from non-custodial parents who are delinquent in their child support payments. In addition, it funds the local electronic data processing maintenance and operation costs. The SDU provides services to collect child support payments from non-custodial parents and to disburse these payments to custodial parties.

**MAJOR PROGRAM CHANGES**

- The Governor's Budget includes General Fund savings of \$1.1 billion through a restructuring of the CalWORKs program that prioritizes resources and work supports for eligible families working towards self-sufficiency. Employment services and child care will be limited to 24 months, unless the assistance unit is fully meeting federal work participation requirements. Of the total savings, \$736.4 million is achieved in the California Student Aid Commission budget through a redirection of federal Temporary Assistance for Needy Families block grant funds for Cal Grants.
- The Governor's Budget includes an increase of \$163.7 million General Fund for a new Child Maintenance program to continue income support to children whose parents are not eligible for cash aid under the restructured CalWORKs program.
- The Governor's Budget includes General Fund savings of \$163.8 million through elimination of domestic and related services for recipients of In-Home Supportive Services (IHSS) in a shared living arrangement and for minor recipients who live with an able and available parent provider. Domestic and related services include housework, shopping for food, meal preparation and cleanup, laundry, and other shopping and errands.
- Beginning in 2011-12, the Foster Care, Adoption Assistance, Child Welfare Services, Child Abuse Prevention, Adult Protective Services, Adoptions, and Title IV-E Waiver programs reflect reduced General Fund costs resulting from 2011 Realignment (refer to Org 5196).

### PROGRAM DESCRIPTIONS

#### 16 - WELFARE PROGRAMS

The Department's public assistance programs provide financial assistance to California residents who are unable to support themselves. This program is comprised of five components:

- California Work Opportunity and Responsibility to Kids (CalWORKs)
- Other Assistance Payments, including Foster Care, Adoption Assistance Program, Refugee Cash Assistance, and Food Assistance Programs
- Supplemental Security Income/State Supplementary Payment Program
- County Administration and Automation Projects
- Disaster Relief

The objectives of this program are to provide temporary financial assistance to eligible needy and dependent persons to enable achievement of self-sufficiency or to provide safe living environments for vulnerable adults and children, and to monitor, administer, and improve the quality of all welfare services.

#### 16.30 - CalWORKs:

The CalWORKs program is California's version of the federal Temporary Assistance for Needy Families (TANF) program. CalWORKs is California's largest cash aid program for children and families and is designed to provide temporary assistance to meet basic needs, such as shelter, food, and clothing, in times of crisis, while encouraging personal responsibility. CalWORKs includes specific welfare-to-work requirements and provides supportive services, such as child care, to enable an individual to meet these requirements. Child care services currently are provided through a three-stage system to current and former CalWORKs recipients with children through the age of 10 (or up to 12 under certain conditions). Presently, Stage One is administered by the Department of Social Services, and the Department of Education administers Stages Two and Three. Stage Three is available only to the extent that funding is provided by the annual Budget Act or other source. Parents have the right to choose child care among center-based, family child care home, or license-exempt providers. CalWORKs families are then able to meet both goals of moving from welfare into the work force and engaging children in child care and development services.

#### 16.65 - Other Assistance Payments:

The Foster Care program provides support payments for children in out-of-home care. This program is administered by the counties in accordance with regulations, standards, and procedures set by the Department of Social Services as authorized by federal and state law. The Kinship Guardianship Assistance Program provides support payments to relative guardians of children who were previously in the foster care system.

The Adoption Assistance Program provides ongoing support payments for families wanting to adopt children who, because of their ethnic background, race, color, language, physical, mental, emotional or medical handicaps, age, or because they are a sibling, have become difficult to place in adoptive homes. This program encourages adoptions of children who would otherwise remain in long-term foster care by removing financial barriers for these families.

Refugee/Entrant Cash Assistance is provided to the following individuals if they do not qualify for CalWORKs or Supplemental Security Income: refugees, Cuban and Haitian entrants (including Cuban medical professionals), asylees, certain Amerasians from Vietnam, Iraqi and Afghan Special Immigrants, and certified victims of human trafficking. Benefits are available for a maximum period of eight months.

The CalFresh Program, formerly known as the Food Stamp Program and federally referred to as the Supplemental Nutrition Assistance Program (SNAP), provides for improved levels of nutrition among eligible low-income households by offering them a benefit amount, posted to a debit card, for the purpose of purchasing food. The cost of CalFresh benefits is borne entirely by the United States Department of Agriculture (USDA). The CalFresh Employment and Training Program requires certain non-assistance CalFresh recipients to participate in employment and training activities.

The Department also administers the state-only California Food Assistance Program to provide food benefits to legal immigrants who meet federal SNAP eligibility criteria except for their immigration status.

The Emergency Food Assistance Program provides USDA commodities to local food banks for distribution to the working poor, low-income, unemployed, and homeless persons. This program is supplemented with food purchased by food banks using private donations and taxpayer contributions to the Emergency Food Assistance Program Fund made through a state income tax checkoff, as well as surplus fresh fruits and vegetables donated by farmers and businesses.

#### 16.70 - Supplemental Security Income/State Supplementary Payment Program:

The Federal Supplemental Security Income (SSI) program provides cash grant assistance to aged, blind, or disabled persons who meet the program's income and resource requirements. California supplements the federal SSI payment with a State Supplementary Payment (SSP). The SSI/SSP program is administered by the Federal Social Security Administration which determines eligibility, computes grants, and disburses the combined monthly payment to recipients.

#### 16.75 - County Administration and Automation Projects:

Federal, state, and county governments share the cost of operating expenses and the salaries and benefits of county staff who administer public assistance programs. County Administration for CalWORKs is in Program 16.30.

Federal, state, and county funds are used to finance major data automation projects of the Department of Social Services.

#### 16.90 - Disaster Relief:

\* Dollars in thousands, except in Salary Range.

## 5180 Department of Social Services - Continued

The objective of the Disaster Relief Program is to provide monetary assistance to individuals and households who have suffered eligible losses from a Presidentially-declared disaster that are not covered by other federal, state, or private assistance programs.

### 25 - SOCIAL SERVICES AND LICENSING

The Department of Social Services monitors and oversees the operational program aspects of social services programs through the development of policy, regulations, and procedures for the delivery of services to clients, and the monitoring and evaluation of services delivered.

#### 25.15 - In-Home Supportive Services:

The In-Home Supportive Services (IHSS) program provides services to enable eligible persons to remain safely in their own homes as an alternative to out-of-home care. Eligible persons are aged, blind, or disabled persons who receive federally funded Medi-Cal or otherwise meet the program's income and resource requirements. There are three programs that provide in-home care: the Personal Care Services Program, the IHSS Plus Option Program, and the IHSS-Residual Program.

#### 25.30 - Children and Adult Services and Licensing:

The Children's Services component consists of three major areas: Child Welfare Services, Adoptions, and Child Abuse Prevention.

Child Welfare Services provides emergency response, family maintenance, family reunification, and permanent placement services for abused and neglected children and their families, as well as services to assist transition age youth who are emancipating or have emancipated from foster care. The program also provides for training and technical assistance for administrators and staff.

The Adoptions Program: (1) provides agency (relinquishment) adoption services through a mixture of state offices and licensed county adoption agencies; (2) conducts studies of all independent adoption placements through state offices and county adoption agencies; (3) provides technical and programmatic services to 30 licensed county adoption agencies that provide agency (relinquishment) adoption services; (4) provides technical and programmatic services to private adoption agencies that provide agency and intercountry adoption services; (5) reimburses licensed private adoption agencies for expenses incurred in placing special needs children; and (6) provides adoptive home recruitment activities through directly provided and contracted services.

The Child Abuse Prevention Program provides funding, training, and technical assistance for the development and sustainability of child abuse prevention and early intervention programs, education and outreach materials, activities, and services for at risk families and their children.

The Department also has County Services Block Grant funding which includes Adult Protective Services. In this program, counties provide appropriate Adult Protective Services to California's functionally impaired dependent adults and the aged who live in their own homes.

The Community Care Licensing Program is a regulatory enforcement program with the responsibility of protecting the health and safety of children and adults residing or spending a portion of their time in out-of-home care. The program includes prevention, compliance, and enforcement components.

#### 25.35 - Special Programs:

The Department has several special programs that include the following: Specialized Services, Access Assistance to the Deaf, and Refugee Program Services.

### 26 - TITLE IV-E WAIVER

The Title IV-E Waiver Capped Allocation Project (CAP) is a federal waiver demonstration project in California. This project will provide participating counties with flexibility in their use of federal and state foster care maintenance and administrative funds that were previously restricted to payment for the care and supervision of children in out of home placements and administrative expenditures. Under the CAP, participating counties will receive a capped allocation of their Title IV-E funds to provide direct services to children and families.

### 35 - DISABILITY EVALUATION AND OTHER SERVICES

The objective of this program is to determine an applicant's medical and/or vocational eligibility for disability benefits and provide administrative services to other agencies.

#### 35.15 - Disability Evaluation:

The Disability Evaluation Program determines the medical, vocational, and/or functional eligibility of California residents applying for benefits under Title II (Disability Insurance), Title XVI (Supplemental Security Income), and Title XIX (Medicaid) of the Social Security Act. Eligibility is determined by the severity of the individual's physical and/or mental impairment(s) and overall ability to engage in substantial gainful employment.

#### 35.25 - Services to Other Agencies:

In addition to providing support services for its programs, the Department of Social Services provides general administrative services, such as personnel and accounting to the State Council on Developmental Disabilities and the Health and Human Services Agency. The Department provides services to the Medi-Cal Program in the form of state hearings and public information services.

### 60 - ADMINISTRATION

\* Dollars in thousands, except in Salary Range.

## 5180 Department of Social Services - Continued

The objective of the Administration program is to provide overall management, planning, policy development, and administrative support services to other departmental programs.

## 5195 State-Local Realignment

In the 1991-92 fiscal year, State-Local Program Realignment restructured the state-county partnership by giving counties increased responsibilities and funding for a number of health, mental health, and social services programs. This realignment provides counties with dedicated tax revenues from the state sales tax and vehicle license fee to pay for these programs.

## PROGRAM DESCRIPTIONS

## 10 - STATE-LOCAL REALIGNMENT

The objectives of Realignment are to assign program responsibility to the most appropriate level of government and achieve improved service levels with broad discretion given to the responsible entity. Realignment provides for greater funding stability for selected programs, increased local flexibility in administering these programs, and productive fiscal incentives to encourage cost-effective approaches to providing services.

Total Realignment revenues are comprised of a half cent sales tax and a dedicated portion of vehicle license fee revenues. Revenues are deposited into the Local Revenue Fund, which includes several accounts. Funds deposited in these accounts are continuously appropriated for allocation to local governments according to formula and are used to fund programs specified in realignment legislation. The legislation also includes local maintenance of effort and matching requirements in order to ensure that counties do not use the realigned funds to supplant local expenditure levels prior to realignment. This provision ensures compliance with other state and federal statutes which, in turn, provide hundreds of millions of dollars annually for county health and social services programs.

**5196 2011 State-Local Realignment**

Building upon the 1991-92 realignment, the 2011 Budget includes a major realignment of public safety programs from the state to local governments. The 2011 realignment moves program and fiscal responsibility to counties, providing a dedicated source of funding while eliminating duplication of effort, generating savings, and increasing flexibility.

Realigned programs include local public safety programs, mental health, substance abuse, foster care, child welfare services, and adult protective services. Many of these programs already are administered at the local level by counties. Therefore, it is appropriate for the programmatic and fiscal responsibility to reside with the counties with the state maintaining an oversight and technical assistance role where needed. These changes are made with the goal of providing services more efficiently and at less cost.

The funding sources for realignment are:

\* Dollars in thousands, except in Salary Range.

## 5196 2011 State-Local Realignment - Continued

- The dedication of 1.0625 cents of a state special fund sales tax.
- The dedication of a portion of vehicle license fee revenues.

Although the revenues for 2011 Realignment are ongoing, the program allocations were for the 2011-12 fiscal year only. The Administration is now proposing a permanent funding structure to determine the base funding for programs in 2011 Realignment as well as the allocation of revenues above the base. The budget display and the 2011 Allocation Plan in this section do not yet reflect any proposed structure for 2012-13, which will be included in pending legislation. For display purposes only, it continues the 2011-12 funding structure into 2012-13.

Note the \$2.9 billion in 2011-12 and \$3.9 billion in 2012-13 shown below reflect the Health and Human Services public safety programs and the full estimated value of program cost growth. This display does not reflect the \$2.7 billion in 2011-12 and \$1.9 billion in 2012-13 for the non-Health and Human Services public safety programs, which are included in their respective programmatic agency expenditures.
