

# Transportation

---

The mission of the Transportation Agency is to develop and coordinate the policies and programs of the state's transportation entities to achieve the state's mobility, safety and air quality objectives from its transportation system. The Agency oversees and coordinates the activities of the Departments of Transportation, Motor Vehicles, and the California Highway Patrol; and the following boards and commissions: the High-Speed Rail Authority, the California Transportation Commission and the Board of Pilot Commissioners.

## 2600 California Transportation Commission

The California Transportation Commission (Commission) is responsible for the programming and allocating of funds for the construction and improvements of highways, passenger rail systems, and transit systems throughout California. The Commission also advises and assists the Secretary of the Transportation Agency and the Legislature in formulating and evaluating state policies and plans for California's transportation programs.

The Commission consists of eleven voting members and two non-voting ex-officio members. Of the eleven voting members, nine are appointed by the Governor, one is appointed by the Senate Rules Committee, and one is appointed by the Speaker of the Assembly. The two ex-officio non-voting members are appointed from the State Senate and Assembly, usually by the respective chairs of the transportation policy committee in each house.

## PROGRAM DESCRIPTIONS

## 1800 - ADMINISTRATION OF THE CALIFORNIA TRANSPORTATION COMMISSION

This program produces and updates the State Transportation Improvement Program (STIP) and the STIP Fund Estimate, and allocates transportation revenues and bond funds for the construction and improvement of highways, passenger rail systems, active transportation, and transit systems in California.

## 1805 - CLEAN AIR AND TRANSPORTATION IMPROVEMENT

This program provides grants from specified bond funds to the Department of Transportation, the Department of Parks and Recreation, and local agencies to be used for the preservation, acquisition, construction, and improvement of rail infrastructure, paratransit vehicles, bicycle facilities, water-borne ferry vessels and facilities, public transit, and the California State Museum of Railroad Technology.

### MAJOR PROGRAM CHANGES

- Road Usage Charge Pilot Program: The Budget includes \$9.4 million and 5 positions to implement a pilot program pursuant to Chapter 835, Statutes of 2014 (SB 1077), to explore a potential mileage-based revenue collection system, or Road Usage Charge, for California's roads and highways as a possible replacement to the gasoline tax system currently in place.
- Transportation Management Systems Maintenance and Engineering: The Budget includes an increase of \$6.9 million and 64 positions to maintain and improve the Transportation Management System elements, such as ramp meters, and the associated communication links with traffic management centers. Of these resources, \$3 million and 20 positions will be used to complete a data-driven, performance-based pilot study of the effectiveness of Transportation Management System elements in increasing throughput and managing capacity in two primary corridors; one in the north and one in the south. The remaining resources will be dedicated to maintaining existing infrastructure.

## PROGRAM DESCRIPTIONS

## 1830019 - AERONAUTICS

The Division of Aeronautics supports California's aviation activities by promoting safe and effective use of existing airports and heliports. This program oversees airports and heliports compliance with safety regulations, and provides engineering and financial assistance for safety and infrastructure improvements. Financial assistance is provided through state-matching funds for the federal aviation grant program. In addition, the division maintains the California Aviation System Plan to reflect changes in the aviation network, provides guidance for land use compatibility in areas around airports, administers airport noise standards regulations, enhances goods movement to and from airports through improved ground access, and promotes and maintains aviation safety.

## 1835019 - CAPITAL OUTLAY SUPPORT

The Capital Outlay Support subprogram, along with the subprograms of Capital Outlay Projects, Local Assistance, Program Development, Legal, Operations, and Maintenance, make up the Highway Transportation Program, which operates, maintains, and continues development of California's state highways. Development and delivery of capital projects make up the largest portion of these efforts. The program also meets its objectives through: (1) coordination and control required by federal and state law for implementing transportation projects, (2) assisting city and county transportation programs, and (3) management of traffic through a system of monitoring, analysis, and control. In addition, this program strives to improve highway travel, safety, and the environment through testing, research, and technology development.

## 1840019 - STATE AND FEDERAL MASS TRANSIT

The State and Federal Mass Transit subprogram, along with the Intercity Rail Passenger subprogram, make up the Mass Transportation Program, which provides leadership in the implementation of safe, effective public transportation, improved air quality, and environmental protection. The program achieves its objective through: (1) the administration of intercity rail service in California, including capital projects and rail car management, (2) management of state and federal capital and operations grant programs, (3) planning, support, and coordination of mass transportation services, and (4) administering the Public Transportation Modernization, Improvement and Service Enhancement Account of the Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006 (Bond Act). Additionally, the Mass Transportation Program serves to: (1) improve intercity bus passenger service through enhanced services and facilities, (2) improve public transportation needs for all persons, including the elderly, the disabled, and the economically-disadvantaged, (3) improve urban/commuter rail services, and (4) enhance mobility options in congested corridors.

## 1845013 - STATEWIDE PLANNING

\* Dollars in thousands, except in Salary Range. Numbers may not add or match to other statements due to rounding of budget details.

† Past year appropriations are net of subsequent budget adjustments.

## 2660 Department of Transportation - Continued

The Statewide Planning subprogram, along with the Regional Planning subprogram, make up the Transportation Planning Program, which implements statewide transportation policy through coordination at the local and regional levels and develops transportation plans and projects. The department prepares the long-range state transportation plan required by state and federal laws and provides long-range transportation system planning and transportation planning studies as input to the regional transportation plans, the State Transportation Improvement Program (STIP), and departmental policies and programs such as goods movement, climate action, and regional blueprint planning. The department also prepares the Interregional Transportation Strategic Plan, which guides investment of the Interregional Improvement Program funds in the STIP.

### 1850010 - EQUIPMENT SERVICE PROGRAM

The Equipment Program provides mobile fleet equipment and services to other departmental programs through: (1) purchasing new vehicles, (2) receiving, servicing, and equipping new units, (3) assembling equipment components into completed units, (4) managing the fleet, (5) repairing and maintaining the fleet, including payments for fuel and insurance, and (6) disposing of used vehicles.

### 9900100 - ADMINISTRATION

The Administration Program provides the functions required to support the programmatic responsibilities of the department. Major activities include accounting, budgeting, auditing, office facility operations and management, information technology, and a wide range of administrative services including human resources, procurement and contracting, training, workforce planning, and labor relations.

## 2665 High-Speed Rail Authority

The California High-Speed Rail Authority's mission is to plan, design, build, and operate a high-speed train system for California.

Since department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the Authority's Capital Outlay Program see "Infrastructure Overview."

## PROGRAM DESCRIPTIONS

## 1970 - ADMINISTRATION

This program is responsible for developing and implementing a statewide high-speed train system for California. This program provides state oversight and support for the capital outlay project segments. This program provides direction and guidance to the program management team and financial advisors, and supports the high-speed train's successful and cost-effective implementation.

## 1975 - PROGRAM MANAGEMENT AND OVERSIGHT CONTRACTS

This program may provide evaluation and review of services and products generated by the program management team and regional consultants. This area incorporates project/program monitoring, technical review, and programmatic review to be utilized by the Authority and shareholders when needed to supplement state staff.

## 1980 - PUBLIC INFORMATION AND COMMUNICATIONS CONTRACTS

This program is responsible for providing information and communication services to the public and coordinating various regional outreach activities.

## 1985 - FISCAL AND OTHER EXTERNAL CONTRACTS

This program is responsible for securing cost-effective services through contractual agreements.

## 1990 - BLENDED SYSTEM PROJECTS

This program provides funds to local agencies for local/regional components of the high-speed train system.

\* Dollars in thousands, except in Salary Range. Numbers may not add or match to other statements due to rounding of budget details.

† Past year appropriations are net of subsequent budget adjustments.

## 2665 High-Speed Rail Authority - Continued

1995 - CAPITAL OUTLAY

This program provides funds for the capital outlay program.

### INFRASTRUCTURE OVERVIEW

The High-Speed Rail Authority is currently located in approximately 49,000 square feet of leased office space, most of which is in Sacramento. The Authority is actively acquiring real property and right-of-way accesses necessary for construction of the first section of the high-speed train system, extending from Madera to near Bakersfield. This system will eventually run between Anaheim and San Francisco, with extensions to Sacramento and San Diego.

## 2670 Board of Pilot Commissioners for the Bays of San Francisco, San Pablo, and Suisun

The Board of Pilot Commissioners (Board) for the Bays of San Francisco, San Pablo, and Suisun is the oversight body that licenses and regulates maritime pilots who guide vessels entering or leaving those bays and navigate on their tributaries to Sacramento and Stockton. The Board's area of jurisdiction also extends to ships entering and leaving Monterey Bay.

The Board's responsibilities include training, licensing, incident investigation and pilotage fee rate recommendation. The seven members of the Board are appointed by the Governor with the consent of the Senate, and the Secretary of the Transportation Agency is an ex-officio member. The Board was established in California's first Legislative Session. It has been in continuous existence since 1850.

All of the operational expenses of the Board are funded by a surcharge on the shipping industry, set by the Board, on legislatively established pilotage fees. A pilot continuing education training program and a pilot trainee training program are funded by two separate surcharges set by the Board on vessel movements.

## 2720 Department of the California Highway Patrol

The California Highway Patrol (CHP) promotes the safe, convenient, and efficient transportation of people and goods across the state highway system and provides the highest level of safety and security to the facilities and employees of the State of California.

Since department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on CHP's Capital Outlay Program see "Infrastructure Overview."

**PROGRAM DESCRIPTIONS**

2050 - TRAFFIC MANAGEMENT

The objectives of this program are to minimize deaths, injuries, and property losses due to traffic accidents; to reduce traffic delays to the motoring public; to provide protection and assistance to the motoring public, state employees and property, including protection of the State Capitol and the surrounding grounds, state constitutional officers, and visiting dignitaries; and to curtail the potential for terrorist threats as part of broader state and federal homeland security efforts. These objectives are achieved through both ground and flight operations.

2055 - REGULATION AND INSPECTION

The CHP operates 51 commercial vehicle enforcement facilities statewide with the objectives of:

- Reducing the incidence of truck and bus accidents attributable to defective vehicle equipment, improper maintenance, loading or securing of cargo, or disqualified drivers.
- Protecting the public from spills of hazardous materials or specially regulated loads, and from the improper operation of specified vehicles such as ambulances and armored cars.
- Protecting farm workers transported in farm labor vehicles and children transported in school buses.
- Ensuring that proper registration fees are paid, and protecting highways from excessive vehicle weights.

2060 - VEHICLE OWNERSHIP SECURITY

This program protects the public from vehicle theft through:

\* Dollars in thousands, except in Salary Range. Numbers may not add or match to other statements due to rounding of budget details.  
 † Past year appropriations are net of subsequent budget adjustments.

## 2720 Department of the California Highway Patrol - Continued

- Investigation and prosecution of the professional vehicle thief.
- Assistance and training of CHP and allied agency personnel.
- Prevention of vehicle theft through public awareness and coordination with the insurance, trucking, construction, auto manufacturing, and auto sale industries.

### 9900 - ADMINISTRATION

This program provides services essential for the administration of the Department and its programs, including executive, administrative, legal, legislative, policy, and information support.

## INFRASTRUCTURE OVERVIEW

The California Highway Patrol utilizes over 500 facilities of varying types statewide, which include 8 field division offices, 103 area commands, 26 dispatch/communications centers, 54 vehicle inspection/scale facilities, 8 air operations facilities, 34 resident posts, 271 telecommunication sites, a training academy and various administrative facilities. These facilities, consisting of approximately 1.4 million gross square feet of state-owned properties and 600,000 gross square feet of leased properties, support the Department's mission to provide the highest level of safety, service, and security to the people of California.

## 2740 Department of Motor Vehicles

The Department of Motor Vehicles (DMV) serves the public by providing licensing and motor vehicle-related services.

Since department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on DMV's Capital Outlay Program see "Infrastructure Overview."

## 2740 Department of Motor Vehicles - Continued

### MAJOR PROGRAM CHANGES

- Expanded Eligibility for Driver Licenses: Chapter 524, Statutes of 2013 (AB 60), required, beginning January 1, 2015, DMV to accept driver license applications if a driver does not have a Social Security Number but can instead provide other valid identification documents and proof of California residency. The Budget proposes \$57.1 million to continue the program in 2015-16 and provides a mechanism to increase DMV resources, if necessary, to implement this statute.

### PROGRAM DESCRIPTIONS

#### 2130 - VEHICLE/VESSEL IDENTIFICATION AND COMPLIANCE

This program establishes identification and ownership of vehicles and vessels of California residents, supports compliance with various related laws, collects revenue for various state and local government programs, and provides information from vehicle and vessel records to state and local agencies.

#### 2135 - DRIVER LICENSING AND PERSONAL IDENTIFICATION

This program evaluates the eligibility and ability of applicants for original and renewal driver licenses, issues driver licenses and/or identification cards to those who meet specific criteria, and provides information from driver license and identification card records to state and local law enforcement agencies.

#### 2140 - DRIVER SAFETY

This program enhances safety for the motoring public by monitoring, suspending, and revoking the driving privilege of unsafe licensed drivers operating on public roadways.

#### 2145 - OCCUPATIONAL LICENSING AND INVESTIGATIVE SERVICES

This program enhances consumer protection by licensing and regulating principal segments of motor vehicle-related businesses that provide services connected to the sale and use of vehicles in California and enforces laws within the Department's jurisdiction by means of criminal and administrative investigations.

#### 2150 - NEW MOTOR VEHICLE BOARD

The Board enhances relations between the dealers and manufacturers throughout the state by resolving disputes in the new motor vehicle industry in an efficient, fair, and cost-effective manner, and assists consumers in mediating disputes with dealers and manufacturers.

#### 9900 - ADMINISTRATION

This program provides services to support the programmatic responsibilities of the department including executive, administrative, legal, legislative, policy, and information support. Support services include accounting, budgeting, facility

\* Dollars in thousands, except in Salary Range. Numbers may not add or match to other statements due to rounding of budget details.

## INFRASTRUCTURE OVERVIEW

The Department of Motor Vehicles operates 247 facilities statewide consisting of an estimated 1.6 million gross square feet of state-owned properties and 1.2 million gross square feet of agency-leased properties. Many offices contain multiple programs, which include vehicle/vessel identification and compliance, driver license and personal identification, driver safety, occupational licensing and investigation. These properties support the Department's mission to serve the public by providing quality licensing and motor vehicle-related services.
