

DEPARTMENT OF FINANCE BILL ANALYSIS

AMENDMENT DATE: Original
POSITION: Neutral

BILL NUMBER: AB 2277
AUTHOR: N. Fletcher

BILL SUMMARY: Water Conservation: Urban Retail Water Suppliers

Existing law requires retail water suppliers that supply water to a US Department of Defense military installation to consider the military installation's requirements under presidential Executive Order 13423, issued on January 26, 2007, when developing a plan to meet the urban retail water supplier's water use target. This bill would update existing statute to require urban retail water suppliers to consider prior water conservation measures of the military installation under presidential Executive Order 13514, issued October 8, 2009, and any other applicable presidential executive orders governing water conservation by federal agencies.

FISCAL SUMMARY

This bill would have no fiscal impact on the state.

COMMENTS

This bill would have no fiscal impact and concerns a policy matter on which we are neutral.

The bill would update state statute to conform to the most recent presidential executive orders related to federal military installations. This represents technical clean-up to SBX7 7 (Steinberg 2009).
