

DEPARTMENT OF FINANCE BILL ANALYSIS

AMENDMENT DATE: 03/29/2012  
POSITION: Neutral

BILL NUMBER: AB 1986  
AUTHOR: Davis, Mike

**BILL SUMMARY: Redistricting.**

This bill would require the California Department of Corrections and Rehabilitation (CDCR) to exclude those inmates in state custody for whom a last known place of residence within California cannot be determined and inmates in federal custody in a facility within California from the information it will provide to the Citizens Redistricting Commission (Commission) between April 1, 2020, and July 1, 2020, for the redistricting mapping process.

**FISCAL SUMMARY**

This bill would have no fiscal impact on the state.

The CDCR does not anticipate any significant costs associated with this bill because the information should be available in an automated format.

**COMMENTS**

The Department of Finance is neutral on this bill that would require the CDCR to more accurately reflect inmate population data with regards to the redistricting mapping process.

Existing law:

- Requires the CDCR, between April 1, 2020, and July 1, 2020, to provide the Commission information regarding the last known residence of each inmate incarcerated in a state adult correctional facility, unless that residence is outside of California.
- Requires the information furnished by the CDCR to include, for each inmate, a unique identifier other than the inmate's name or CDCR number, and last known place of residence that is sufficiently specific to determine the congressional, state legislative, or Board of Equalization districts.
- Requests the Commission to deem each incarcerated person as residing at his or her last known place of residence, rather than the institution of his or her incarceration for the purposes of the redistricting mapping process.
- Specifies that an inmate's last known place of residence is the address at which the inmate was last domiciled prior to his or her current term of incarceration, as determined from court records of the county in which the inmate was sentenced.

This bill would:

- Require the CDCR to provide information to the Commission regarding the census block of the last known place of residence for each inmate incarcerated in a state adult correctional facility, instead of providing zip code information of the last known place of residence for each inmate.

AB 1986

**COMMENTS** (continued)

- Require the CDCR, when providing information to the Commission between April 1, 2020, and July 1, 2020 regarding the last known place of residence of inmates incarcerated in state adult correctional facility, to exclude all inmates in state custody for whom a last known place of residence within California cannot be determined and all inmates in federal custody in a facility within California.
- Request the Commission to:
  - Refrain from publishing any information regarding a specific inmate's last known place of residence.
  - Deem an inmate in state custody in a facility within California for whom the last known place of residence is either outside California or cannot be determined, or an inmate in federal custody in a facility within California, to reside at an unknown geographical location in the state and exclude the inmate from the population count for any district, ward, or precinct.
  - Adjust race and ethnicity data in districts, wards, and precincts that contain prisons in a manner that reflects reductions in the local population count of the district, ward, or precinct of their last know place of residence.
