AMENDMENT DATE: Original
POSITION: Neutral
SPONSOR: California Association of Clerks and Election Officials

BILL NUMBER: AB 214
AUTHOR: M. Davis

BILL SUMMARY: Professional Photocopiers

Existing law requires a professional photocopier to register with the county clerk in the county in which his or her principal place of business is located and requires the county clerk of each county to maintain a register of and assign a unique number to the professional photocopier. The county clerk must issue an identification card to each registrant. Identification cards issued to an individual professional photocopier must meet certain size requirements, contain specified information and contain a photograph of the registrant. The identification card for a partnership or corporation does not contain a photograph

This bill would require the identification card for an employee of a professional photocopier or a partnership or corporation, to include a photograph of the employee.

FISCAL SUMMARY

Finance estimates this bill would have no state General Fund impact.

COMMENTS

Finance notes the following with regard to this bill:

- The Author’s office states that this bill is intended to clarify identification card standards mandated by AB 620 (Chapter 458, Statutes of 2009) which deleted the requirement that a card issued to a corporation must contain a photograph, but remained silent on whether an employee identification card must contain a photograph.
