
DEPARTMENT OF FINANCE

OFFICE OF THE DIRECTOR
STATE CAPITOL, ROOM 1145
SACRAMENTO, CA 95814-4998

May 18, 2000

Dear Fiscal Officer:

PRICE AND POPULATION INFORMATION**APPROPRIATIONS LIMIT**

The California Revenue and Taxation Code, Section 2227, mandates the Department of Finance to transmit an estimate of the percentage change in population to local governments. Each local jurisdiction uses their percentage change in population factor for January 1, 2000, in conjunction with a change in the cost of living, or price factor, to calculate their appropriations limit for fiscal year 2000-2001. Enclosure I provides the change in California's per capita personal income and an example for utilizing the price factor and population percentage change factor to calculate the 2000-2001 appropriations limit. Enclosure II provides city and unincorporated county population percentage changes, and Enclosure IIA provides county and incorporated areas population percentage changes. The population percentage change data excludes federal and state institutionalized populations and military populations, as noted.

POPULATION PERCENTAGE CHANGE FOR SPECIAL DISTRICTS

Some special districts must establish an annual appropriations limit. Consult the Revenue and Taxation Code, Section 2228, for the various population options available to special districts to assess population change in their district. Article XIII B, Section 9 of the State Constitution exempts certain special districts from the appropriations limit calculation mandate. Special districts required by law to calculate their appropriations limit must present the calculation as part of their annual audit. No State agency reviews the appropriations limit.

POPULATION CERTIFICATION

The population certification program applies only to cities and counties. Revenue and Taxation Code 11005.6 mandates the Department of Finance to automatically certify any population estimate that exceeds the current certified population with the State Controller's Office. **The Department of Finance will certify the higher estimate to the Controller by June 1, 2000.**

Address questions about the price and population data to the Demographic Research Unit at (916) 323-4086.

Sincerely,

B. TIMOTHY GAGE
Director

Enclosure

- A. **Price Factor:** Article XIII B specifies that local jurisdictions select their cost-of-living factor to compute their appropriation limit by a vote of their governing body. The cost of living factor provided here is per capita personal income. If the percentage change in per capita personal income is selected, the percentage changes to be used in setting the 2000-2001 appropriation limit are:

Per Capita Personal Income	
Fiscal Year (FY)	Percentage change over prior year
2000-2001	4.91

- B. Following is an example using sample population change and the change in California per capita personal income as growth factors in computing a 1999-2000 appropriations limit.

2000-2001:

Per Capita Change = 4.91 percent
Population Change= 1.73 percent

Per Capita converted to a ratio: $\frac{4.91+100}{100} = 1.0491$

Population converted to a ratio: $\frac{1.73+100}{100} = 1.0173$

Calculation of factor for FY 2000-2001: $1.0491 \times 1.0173 = 1.0672$

Annual Percent Change in Population Minus Exclusions January 1, 1999*

Enclosure II

to January 1, 2000 and Total Population January 1, 2000
